EXHIBIT A

PROPOSED AMENDMENTS TO THE DISTRICT 18 PLAN - SOUTHERN PEORIA STUDY
June, 1993

* Designate the study area as a Consideration Area, overlapping and including portions of the Arkansas River Corridor and including a Medium Intensity Linear Development along Peoria.

* Add the following text to Section 3. Specific Areas.
Between the existing paragraphs one and two, add:

The Southern Peoria Consideration Area is bounded by 51st Street, 71st Street, Utica Avenue and the Joe Creek alignment and the Arkansas River. It includes portions of the Arkansas River Corridor and a Medium Intensity Linear Development Area. This has been designated due to the overabundance of multifamily housing and related impacts within this area.

Add following Section 3.1.5:

3.1.6 SOUTHERN PEORIA CONSIDERATION AREA
3.1.6.1 The area south of East 51st Street and west of Peoria is generally overbuilt in multifamily housing. No additional units are recommended to be built in this area until such time as sufficient clearance has occurred that further construction would not result in residential intensities in excess of the existing intensities.

3.1.6.2 Intensities/densities in this area are currently higher than can reasonably be accommodated by the infrastructure. Therefore, no development or redevelopment should be permitted here that results in increases in either intensity or density of use.

3.1.6.3 When possible, acquisition and clearance of blighted structures in this area should be undertaken, with the resulting open space left as landscaped buffers and rezoned to AG or an RS designation if resold to prevent development of additional multifamily housing.

3.1.6.4 Apartment owners and managers are encouraged to install security measures, such as single-points-of-entry gates, fencing, lighting and patrols.

3.1.6.5 Pursue, through both private and public funding/sponsorship (HUD, TAUW, City, churches, etc.) the development of a Resident Services program for the apartments in this area. It is possible that a single Resident Services Coordinator could be shared among several or all these communities.
3.1.6.6 Continue to work with agencies and organizations such as the Tulsa Police Department, HUD, Tulsa Housing Authority, Mayor's Office for Neighborhoods and others in addressing the problems and issues in this area.

3.1.6.7 Assess the needs of area residents for various social programs and services, and explore means of addressing these.

3.1.6.8 Identify existing programs (social, cultural, medical, etc.) that may be needed by residents of this area but which may not currently be widely available here. Pursue dissemination of these services into this area if needed. Examples could be a branch of the Health Department, DHS, Literacy Center, recreation programs run by contracted providers, nutrition sites for children and/or elderly, day care or before/after school care, job training or library.

3.1.6.9 Foster the development of a communication network among area apartment owners/managers to jointly find solutions to their problems. This network could be expanded to include apartment owners/managers with similar problems in other parts of the city.

3.1.6.10 Foster the development of an area business owners organization to promote the area and address problems of mutual concern.

3.1.6.11 Work with the City of Tulsa Public Works Department to improve South Peoria by widening and straightening it south of 51st Street and by any needed curbing, lighting and storm sewer improvements.

3.1.6.12 Support the efforts of the Code Enforcement staff in identifying and eliminating blighting influences in this area.

3.1.6.13 Work with the City Park and Recreation Department and other entities (public and private) to develop recreation opportunities for children and families in this area.
3.1.6.14 Provide additional recreational opportunities at the existing parks in and near this area.

3.1.6.15 Support and encourage the Alert Neighbors program in this area.

3.1.6.16 Encourage the development of a community or recreation center for general public use as well as special programs in this area.

3.1.6.17 Encourage apartment managers and owners to carefully screen prospective tenants and report crime immediately.

3.1.6.18 Work with convenience store owners and managers to discourage loitering of large numbers of individuals on their properties. Encourage posting of "No Loitering" signs.

3.1.6.19 Work with the area schools to develop programs specifically geared to needs of the area residents and to encourage parental involvement in the children's educational careers.

3.1.6.20 Coordinate with ongoing planning for Riverside Drive and the extension of River Parks.

3.1.6.21 Coordinate land use planning efforts here with development of annual housing plans (CHAS and any successor programs).

* Designate South Peoria Consideration Area on the District 18 Plan Map.

Staff Comments
Dane Matthews advised that this is an out-growth of meetings held over the past 10 months with groups in the area south of 51st Street to 71st Street along Peoria. She reminded the Planning Commission that this study was undertaken at the request of Councilor Bartlett. Ms. Matthews informed that various groups meet to identify problems and issues and ways to solve them. She then reviewed the proposed amendments to the District 18 Plan noting that the area is overbuilt with multifamily housing, contains blight which needs to be cleared and the Planning Team recommends rezoning in areas when that clearance occurs, networking with area residents and social services agencies and among apartment owners and area businesses. Ms. Matthews advised that many of the items called for are underway at present. Ms. Matthews conveyed Mr. Carnes' request to add wording to 3.1.6.11 to reflect adding lighting improvements. She announced that the proposed amendments have the Planning Team's recommendation for approval.

Mr. Carnes recognized the efforts made by Ms. Matthews to coordinate this study and encourage continued participation.

ZONING PUBLIC HEARING

Application No.: Z-6405 Present Zoning: AG
Applicant: Adrian Smith Proposed Zoning: RS-1
Location: Northwest corner of S. Yale Avenue & 101st Street South
Date of Hearing: June 23, 1993
Presentation to TMAPC: Adrian Smith

Relationship to the Comprehensive Plan:
The District 26 Plan, a part of the Comprehensive Plan for the Tulsa Metropolitan Area, designates the area as Special District 1 on the northern 250' of the tract and Low Intensity Residential in the southern 200' of the property.

According to the Zoning Matrix the requested RS-1 District may be found in accordance with the Plan Map.

Staff Comments:

Site Analysis: The subject tract is approximately 4.4 acres in size and is located north of the northwest corner of S. Yale and 101st Street South. It is wooded, has steep slopes with highly erodible soils which surround a plateau area.

Surrounding Area Analysis: The tract is abutted on the north by a single family home, zoned AG, to the west by single family homes, zoned RS-1; to the south by scattered single family homes, zoned PUD-203/RS-1; and to the east by single family homes, zoned RS-2.

Zoning and BOA Historical Summary: The areas to the north and south are both zoned AG with a single family residence on both tracts. To the west is a residential development which is zoned RS-1 and to the east across Yale is a single-family residential development with RS-2 zoned homes.
Conclusion: The proposed low intensity RS-1 zoning is in accordance with the Comprehensive Plan as long as the development is consistent with the ability of the land to accommodate septic systems. Special considerations must also be taken that will minimize the disturbance of the natural vegetations and soil profiles due to the erodible nature of the soil.

Therefore, Staff recommends APPROVAL of RS-1 zoning for Z-6405.

Applicant's Comments
Adrian Smith
Mr. Smith, representing property owners, Mr. and Mrs. Gallemore, advised that Mr. Gallemore has informed him that the State Health Department has taken the prescribed tests on the property and they all pass for septic. He advised water and utilities are available to serve the property.

Interested Parties
Doug Vincent
Planning District 26, Chair
W.J. Sappenfield
Mr. Vincent voiced support of the requested RS-1 zoning. However, Mr. Vincent noted that the District 26 Comprehensive Plan states that "trees be preserved as much as possible". He expressed his desire to preserve as many trees as possible on this tract.

Chairman Doherty assured Mr. Vincent that, should this be presented as a PUD, the Planning Commission will do all it can to ensure preservation of as many trees as possible. However, he pointed out that under straight zoning the Planning Commission would have no authority over this matter.

TMAPC Action; 8 members present:
On MOTION of MIDGET, the TMAPC voted 8-0-0 (Ballard, Broussard, Carnes, Doherty, Horner, Midget, Pace, Wilson "aye"; no "nays"; no "abstentions"; Dick, Neely, Parmele "absent") to recommend APPROVAL of Z-6405 for RS-1 zoning as recommended by Staff.

The applicant is proposing to replace an existing sign for a retirement center with a new sign, which contains 24 SF. The lot only has 38' of frontage; therefore, it is allowed one sign not to exceed 32 SF. This sign complies with that requirement. Therefore, Staff recommends APPROVAL of the sign plan conditioned upon all of the structure being outside of the 31st Street right-of-way and removal of all other ground signs on the lot.

TMAPC Action; 8 members present:
On MOTION of MIDGET, the TMAPC voted 8-0-0 (Ballard, Broussard, Carnes, Doherty, Horner, Midget, Pace, Wilson "aye"; no "nays"; no "abstentions"; Dick, Neely, Parmele "absent") to APPROVE the Detail Sign Plan for PUD 213 as recommended by Staff.

Staff has reviewed the site plan and finds that it complies with the PUD conditions. Therefore, Staff recommends APPROVAL of the Detail Site Plan.

It was noted that the Detail Sign and Landscape Plans were omitted from the agenda and will be heard at the next Planning Commission meeting.

The applicant is proposing to place two portable office buildings on the used car lot between Fred Jones Ford and Fred Jones Lincoln-Mercury until November 1, 1993 or until a permanent building is completed, whichever comes first.
