9. **Crossing at 86th Street Phase V – Final Plat**, Location: Southeast corner of East 86th Street North and North Sheridan Road (County)

   **STAFF RECOMMENDATION:**
   This plat consists of 26 lots in three blocks on 20.33 acres.

   Staff has received release letters for this plat and can recommend approval of the final plat.

10. **Change of Access** - Lot 1 and Lot 2, Block 1, of Greenhill Distribution Center 1, Location: Southeast corner of East 43rd Street North and North Garnett Road (CD 3)

    **STAFF RECOMMENDATION:**
    This application is made to allow a change of access to shift access and delete one access along North Garnett Road. The property is zoned IM (Industrial Medium).

    Staff recommends approval of the change of access. The Traffic Engineer has reviewed and approved the request. Staff recommends APPROVAL of the change of access as submitted.

11. **Z-7008-SP-1s – HRAOK/Barrick Rosenbaum**, Location: Northwest corner of West 81st Street South and South Olympia Avenue, Requesting a Corridor Minor Amendment to allow for a lot-split and reallocation of permitted floor area between two newly created lots, CO (CD-2) (Related to Item 2)

    **STAFF RECOMMENDATION:**
    The applicant is requesting a minor amendment to allow for a lot-split and reallocation of permitted floor area between the two newly created lots. Also appearing on the March 21st agenda of the TMAPC is lot-split application LS-20491 which would split the lots as depicted on attached Exhibit B. There is no request to increase the permitted floor area allowed on the subject tract.
Lot 12, Block 1 is a 2.87 acre (124,853 square foot) lot located at the northwest corner of West 81st Street South and South Olympia Avenue. With 124,853 square feet (SF) of lot area, the lot was originally approved with 34,723 sf of dedicated floor area (equaling a .25 FAR). The Tulsa Hills Corridor District Plan was amended in July of 2009 transferring 3,509 SF of floor area from Lot 12, Block 1 to Lot 11/Tracts B-1 and B-2. As a result, the current floor area allocation for lot 12 is as follows:

<table>
<thead>
<tr>
<th>Lot</th>
<th>Lot Area</th>
<th>Permitted Floor Area</th>
<th>FAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>124,853</td>
<td>31,214</td>
<td>.25</td>
</tr>
</tbody>
</table>

The applicant proposes to split the lot and reallocate the existing floor area as follows:

<table>
<thead>
<tr>
<th>Lot/Tract</th>
<th>Lot Area</th>
<th>Permitted Floor Area</th>
<th>FAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>12a (east tract)</td>
<td>66,839.57 sf</td>
<td>10,000 sf</td>
<td>.15</td>
</tr>
<tr>
<td>12b (west tract)</td>
<td>58,013.01 sf</td>
<td>21,214 sf</td>
<td>.36</td>
</tr>
<tr>
<td><strong>Total:</strong></td>
<td><strong>124,853</strong></td>
<td><strong>31,214</strong></td>
<td><strong>.25</strong>*</td>
</tr>
</tbody>
</table>

*Average for all of Lot 12.

Since there is no request to increase the permitted floor area on the lot, staff views the requested change as minor in nature. Staff contends the proposed change will not substantially alter the approved Corridor Plan and compliance will be maintained with the approved Corridor Site Plan and the purposes and standards of the Corridor Chapter of the Zoning Code.

Therefore, staff recommends **APPROVAL** of minor amendment Z-7008-SP-1s.

*Note: Approval of a minor amendment does not constitute detail site, sign, or landscape plan approval*

**11.a. West Park Apartments** – Final Plat, Location: Northwest corner of South Atlanta Avenue and East 5th Place, (CD 4)

**STAFF RECOMMENDATION:**
This plat consists of four lots in three blocks on 7.03 acres.

Staff has received all the necessary release letters, ownership papers and oil well certificate for this plat. Staff recommends **APPROVAL** of the final plat.

The Planning Commission considered the consent agenda.
There were no interested parties wishing to speak.

PUBLIC HEARING

12. **LS-20497** (Lot-Split) (CD-8), Location: North of the Northwest corner of East 118th Street South and South Yale Avenue

**STAFF RECOMMENDATION:**
The lot-split proposal is to split an existing RS-1 (Residential Single-Family) tract into two tracts. Both tracts will exceed the Bulk and Area Requirements of the City of Tulsa Zoning Code.

One of the resulting tracts would have more than three side lot lines as required by the Subdivision Regulations. The applicant is requesting a waiver of the Subdivision Regulations that no tract have more than three side lot lines.

The Technical Advisory Committee met on March 15, 2012. Development Services is requiring a Sewer Mainline be extended to service what is known as Tract B1. The applicant is agreeable to this and has already submitted IDP Plans for review by Development Services.

Staff believes this lot-split would not have an adverse effect on the surrounding properties and recommends APPROVAL of the waiver of Subdivision Regulations and of the lot-split.

**Applicant indicated his agreement with the staff recommendation.**

There were no interested parties wishing to speak.

**OTHER BUSINESS:**

14. **Rodney Ray, Owasso City Manager** - Land use and zoning coordination between TMAPC and the City of Owasso.

Mr. Ray addressed the Planning Commission and expressed his appreciation on behalf of the City of Owasso and the City Council and staff with the great relationship that is present with the Planning Commission and INCOG staff.

Mr. Ray discussed development and the planning process to protect the integrity of the long-term plans. Mr. Ray wanted to reaffirm the process between the City Owasso and the TMAPC to send referral letters when property is within the fence-line of Owasso. Mr. Ray assured the Planning Commission that he is not inferring that this is not currently happening; he just wanted to visit with the Planning Commission today to reaffirm that this process stays in place. Mr. Ray assured the Planning Commission that it is not his goal to hold any applications up with this process, but would like the opportunity to respond to the applications.

**TMAPC COMMENTS:**
In response to Mr. Leighty, Mr. Ray stated that in the past is that when the staff receives a zoning or other issues that would come before the Planning Commission, then they automatically refer it to Owasso as notice. Owasso can contact the staff and inform them if it needs to go
before the Owasso Planning Commission or whether it is in
corformance with their Comprehensive Plan. Mr. Ray stated that he
would like it to be an institutionalized process within receiving it. Mr.
Ray reiterated that he doesn’t want to hold anyone up and cause
delays. Mr. Leighty asked Mr. Ray if he thought there would be time
extension requirements as a result of doing this. Mr. Ray stated that
he could commit to the Planning Commission that it is not his intention
to delay the investors who are trying to get these projects moving.
Owasso can get back with the Planning Commission within the
timeframe the Planning Commission has. Mr. Leighty asked how this
should be done and if a rule change is necessary. In response, Mr.
Ray stated that he is not aware of enough of the step-by-step
procedures, but it wouldn’t require anything but a philosophical
agreement on the Planning Commission’s part.

Mr. Liotta stated that he appreciates Mr. Ray bringing this to the
Planning Commission’s attention. Mr. Liotta stated that from the
County’s perspective, Owasso and Mr. Ray have been easy to work
with and a good partner in planning. Mr. Liotta asked Mr. Alberty what
process is in place today to alert the communities. Mr. Alberty stated
that when there is an application that is in the County and in the
unincorporated areas within the fence-line, then it goes out with the
notice and to any homeowners associations in the subject areas.
There haven’t been a lot of applications within the fence-line in these
outlying communities in the last few years; however, when there is an
application it is our policy and it has been done. Many times the
information received from the community is that they have reviewed
the application and have no comment. This process has been in
place for years and it is something that hasn’t been discussed in a while and
he appreciates Mr. Ray coming today to discuss this.

Mr. Ray stated that he wanted to make it clear that he isn’t present
today because he feels that there is an issue about referrals. Mr. Ray
explained that he has a little bit of concern regarding the overlay
districts that will be brought in and he wanted to have this conversation
today.

Mr. Dix asked Mr. Ray what the timeline is for annexations. In
response, Mr. Ray stated that it is usually from 60 to 70 days.
