Director's Report:

1. Minutes of April 16, 2008, Meeting No. 2511
   Minutes of April 23, 2008, Meeting No. 2512

CONSENT AGENDA

All matters under "Consent" are considered by the Planning Commission to be routine and will be enacted by one motion. Any Planning Commission member may, however, remove an item by request.

2. **LC-85** – LaDon Radford (9233)/Lot-Combination
   West of South <1st West Avenue and South of West 54th Street, 5416 S 41st Avenue
   (PD 9) (CD 1)

3. **LC-88** – Tanner Consulting, LLC (8316)/Lot-Combination
   West of South Yale and South of East 89th Street, 4625 E 91st Street (Related to Items 4, 11, 12 & 24.)
   (PD 18) (CD 8)

4. **LC-89** – Tanner Consulting, LLC (8316)/Lot-Combination
   West of South Yale and South of East 89th Street, 4617 E 91st Street (Related to Items 3, 11, 12 & 24.)
   (PD 18) (CD 8)

5. **LC-90** – Louna F. Ladd (9329)/Lot-Combination
   West of South Atlanta Avenue between East 46th Place and East 47th Street, 2420 E 46th Place
   (PD 6) (CD 9)

6. **LC-91** – Paul D. Wilson (9212)/Lot-Combination
   West of South Denver between West 11th Street and West 12th Street
   (PD 1) (CD 4)

7. **LC-92** – Paul D. Wilson (9211)/Lot-Combination
   West of South Denver between West 11th Street and West 12th Street
   (PD 1) (CD 4)
8. **LC-93** – John Koch (9329)/Lot-Combination
   Northeast corner of South Florence Avenue and East 44th Street, 3109 East 44th Street
   (PD 6) (CD 9)

9. **L-20196** – Roy E. McClendon (1331)/Lot-Split
   Northeast corner of North Trenton Avenue and East 66th Street North, 1603 East 66th Street North
   (County)

10. **L-20200** - Dryer & Associates, PC. (8307)/Lot-Split
    Southwest corner of South Lewis Avenue and East 71st Street, 7130 South Lewis
    (PD 18A) (CD 2)

11. **L-20201** – Tanner Consulting, LLC (8316)/Lot-Split
    West of Yale and North of East 91st Street, 4621 E 91st Street
    (Related to items 3, 4 and 24.)
    (PD 18) (CD 8)

12. **L-20202** – Tanner Consulting, LLC (1909)/Lot-Split
    West of Yale and North of East 91st Street, 4627 E 91st Street
    (Related to items 3, 4 and 24.)
    (PD 18) (CD 8)

13. **L-20206** – Tulsa Engineering (8317)/Lot-Split
    East of South Yale Avenue and South of East 105th Street, 4930 East 105th Street South
    (PD 26) (CD 8)

14. **L-20207** – Tulsa Engineering (8317)/Lot-Split
    East of South Yale Avenue and South of East 105th Street, 10523 South Yale Avenue
    (PD 26) (CD 8)

15. **L-20209** – Wallace Engineering (8306)/Lot-Split
    North of East 67th Street and West of South Rockford Avenue, 1365 East 67th Street
    (PD 18) (CD 2)

16. **L-20210** – Jacobs Carter Burgess (8211)Lot-Split
    South of West 71st Street and East of South Olympia
    (PD 8) (CD 2)

17. **L-20211** – Travis Butler (9329)/Lot-Split
    South of East 45th Street and North of East 45th Place, 2985 East 45th Place
    (PD 6) (CD 9)

18. **L-20213** – Jimmy Rhodes (9230)/Lot-Split
    West of South 73rd West Avenue and South of West 41st Street
    (County)

19. **L-20214** – Tulsa Development Authority (0225)/Lot-Split
    West of North Elgin Avenue and North of East Tecumseh Street, 235 East Tecumseh Street
    (PD 2) (CD 1)

20. **L-20215** - Tulsa Development Authority (0225)/Lot-Split
    South of Seminole Place and East of North Owasso Avenue, 1803 North Owasso Avenue
    PD 2) (CD 1)

21. **Plaza del Sol** – (8419) Final Plat Revised
    Northeast corner of East 101st Street South and Mingo Road
    (PD 18) (CD 8)
22. **Gilcrease Research Center** - (992)/Change of Access
   South of West 41st Street South, West of South 49th West Avenue

23. **PUD-208-6 – Lou Reynolds**
   Southeast corner of Yale Avenue and 71st Street South (Minor Amendment to increase the permitted floor area by less than 15% and to establish a parking standard for the PUD to accurately reflect existing conditions within the PUD.)

24. **PUD-693-3 – Tanner Consulting, LLC**
   West of Yale Avenue, north side of 91st Street South (Minor Amendment to split the west 36’ from Lots 3 and 6, Block 1 and tie that 36’ to Lots 4 and 5, Block 1 with a lot-combination.)
   (Related to Items 3, 4, 11 & 12.)

25. **Z-6503-SP-2 – Khoury Engineering, Inc.**
   South side of 91st Street South, approximately 2,000 feet east of South Mingo Road (Corridor Detail Site Plan for a 4-story hotel.)

   East side of Olympia Avenue, approximately ¼ mile north of West 71st Street, ¼ mile east of Highway 75 (Minor Amendment to increase the permitted floor area from 133,000 SF to 133,733 SF to permit expansion and enclosure of an existing loading dock.)

27. **PUD-579-B-1/Z-6333-SP-4a – Charles E. Norman**
   Northeast of the northeast corner of 81st Street South and Mingo Road (Minor Amendment to reduce the required setback along the west boundary from 100’ to 75’.)

28. **CONSIDERATION OF ITEMS REMOVED FROM THE CONSENT AGENDA**

29. **Davco Estates** – (1321) Minor Subdivision Plat
   West of the southwest corner of East 96th Street North and Highway 75

30. **Z-7085 – John Moody**
   North of northeast corner of North Cincinnati Avenue and East 31st Street North (Continued from 3/5/08)

31. **Z-7089/Z-7089-SP-1 – Roy D. Johnsen**
   Northeast corner of West 61st Street South and Highway 75 South (Corridor Plan to designate development areas, allocate permitted uses and intensity of uses, development standards and conditions.) *(Applicant is requesting a continuance to June 4, 2008 in order to do more engineering.)* (Continued from 3/5/08, 3/26/08, 4/16/08)
32. **Z-7086 – Kamlesh Aggarwal**  
Southwest corner of East 21st Street and South 109th East Avenue (Continued from 2/6/08, 4/2/08) (Related to Item 33.)

33. **PUD-689-A – Kamlesh Aggarwal**  
Southwest corner of East 21st Street and South 109th East Avenue (PUD Major Amendment to abandon PUD-689) (Continued from 2/6/08, 4/2/08) (Related to Item 32.)

34. **Z-6051-SP-2 – Danny Mitchell**  
South of the southeast corner of East 81st Street South and South Mingo Road (Major Amendment Corridor Plan for two development areas, mixed use commercial and office development with mini-storage and open-air storage.) (Continued from 4/16/08)

35. **Z-7008-SP-2 – Charles E. Norman**  
North of northwest corner of South Olympia Avenue and West 81st Street (Major Amendment to Corridor Plan to permit specific uses within Use unit 17 – Automotive and Allied Activities on Tract A only.)

36. **PUD-755 – Sisemore Weisz & Associates**  
West of northwest corner of West 161st Street and Highway 75 South (PUD to split 7.3 acres into eight lots and two reserve areas for development as a single-family residential development.)

AGENDA

TULSA METROPOLITAN AREA PLANNING COMMISSION

INFILL DEVELOPMENT SUBCOMMITTEE

INCOG
201 West 5th, Suite 550
5th Floor Conference Room

Wednesday, May 7, 2008
11:30 a.m.

CONSIDER, DISCUSS AND/OR TAKE ACTION ON:

1. Infill Development structuring.

Adjourn

www.tmapc.org
Plaza del Sol - (8419) (PD 18) (CD 8)  
Northeast corner of East 101st Street South and Mingo Road

This plat consists of 1 Lot in 1 Block on 7.74 acres. It received Final Plat approval on April 23, 2008, but the plat now contains a revised easement description.

Staff recommends APPROVAL of the Final Plat. All release letters have been received.
Gilcrease Research Center – Lot 2, Block 1, Gilcrease Research Center (County) South of West 41st Street South, West of South 49th West Avenue

This application is made to allow a change of access for an additional access along South 49th West Avenue. The property is zoned IL.

Staff recommends approval of the change of access. The County Engineer has reviewed and approved the request. Staff recommends APPROVAL of the change of access as submitted.
STAFF RECOMMENDATION

PUD-208-6: Minor Amendment – South-east corner Yale Avenue and 71st Street South; Lots 1, 2, and 3 – Nob Hill; TRS 1813; CZM 53; PD 18 CD 7; OM/PUD.

The applicant is requesting a minor amendment to PUD-208 to increase the permitted floor area by less than 15% and to establish a parking standard for the PUD to accurately reflect existing conditions within the PUD.

Specifically, this request is to rectify the 36,650 square foot (SF) of permitted floor area as established in 1978 as part of the original approval of PUD-208, with an as built survey done in 1984 showing 37,404 sf existing floor area (see Exhibit A), and an as built survey submitted in association with City of Tulsa Board of Adjustment (BOA) case number 20615 in December 2007 showing 37,453 of existing floor area (see Exhibit C – page 9.6 from the case report for BOA case 20615). It is staff’s interpretation that the difference of 803 sf of floor area, is the result of the addition of the “tower” floor area (depicted as tower A1, B1, C1 and D1 on attached Exhibit E), which may have been over-looked as floor area in the detail site plan review since the floor area is storage space, and may not be occupied.

The applicant is requesting an increase to 38,000 sf of total floor area, an increase of 4% to reflect existing conditions.

Also, in December of 2007, the City of Tulsa Board of Adjustment (BOA) approved a variance decreasing the required parking for the development from 215 spaces to 191 spaces. This approval was based partially on the attached Exhibits C and D created the following floor area allocations:

<table>
<thead>
<tr>
<th>USE UNIT</th>
<th>EXISTING FLOOR AREA PER BOA 20615</th>
<th>% OVER-ALL FLOOR AREA</th>
</tr>
</thead>
<tbody>
<tr>
<td>11</td>
<td>9,540</td>
<td>26%</td>
</tr>
<tr>
<td>12</td>
<td>13,126</td>
<td>35%</td>
</tr>
<tr>
<td>13/14</td>
<td>15,130</td>
<td>39%</td>
</tr>
<tr>
<td>Total</td>
<td>37,796</td>
<td>100%</td>
</tr>
</tbody>
</table>

Please note the original approval of PUD-208 as set down by a judge’s decree in 1978 required 168 parking spaces (see page three of Exhibit F), while BOA case 20615 permits 191 spaces. This comparison reveals a potential 23 space increase in the number of available parking spaces from what was originally required by PUD development standards. There is no record of detail site plans being approved for this site from 1978 to 1991.
Since there will be no building expansion proposed, the BOA approved the parking variance from today's parking standards, and the proposed minor amendment provides clarity to existing PUD development standards, staff recommends APPROVAL of minor amendment PUD-208-6 allowing 38,000 sf of permitted floor area, and 191 parking spaces, with the condition that the applicant submit a revised site plan reflecting the 191 existing parking spaces and 37,796 square feet of existing floor area per the attached Exhibit D (unmarked official records exhibit from BOA case 20615). All other requirements of PUD-208 shall remain in tact.

Note: Approval of a minor amendment does not constitute detail site, landscape or sign plan approval.
Board Action:
On Motion of Stead, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "absences") to CONTINUE Case No. 20614 to the meeting on January 8, 2008, on the following described property:

PRT LT 1 BEG NWC LT 1 TH CRV RT 101.91 S94 W100 N75 POB BLK 1, AUD ADDN, City of Tulsa, Tulsa County, State of Oklahoma

Case No. 20615

Action Requested:
Variance of the parking requirement from 215 to 191 existing parking spaces for a commercial mixed-use development (Section 1200), located: Southeast corner of 71st Street and Yale Avenue.

Presentation:
Lou Reynolds, 2727 East 21st Street, stated the Lighthouse Shopping Center is 29 years old and will receive a new face-lift. There are multiple uses with different hours of operation. The changes in uses require the changes in parking. It is surrounded by office and commercial uses. The hardship is the changing types of parking requirements per the changing use units. The applicant exhibits are included in Exhibit Bb-1, including the rent roll.

Interested Parties:
There were no interested parties who wished to speak.

Board Action:
On Motion of Stephens, the Board voted 5-0-0 (White, Stephens, Henke, Stead, Tidwell "aye"; no "nays"; no "abstentions"; no "absences") to APPROVE a Variance of the parking requirement from 215 to 191 existing parking spaces for a commercial mixed-use development (Section 1200), finding by reason of extraordinary or exceptional conditions or circumstances which are peculiar to the land, structure or building involved, the literal enforcement of the terms of the Code would result in unnecessary hardship; that such extraordinary or exceptional conditions or circumstances do not apply generally to other property in the same use district; and that the variance to be granted will not cause substantial detriment to the public good or impair the purposes, spirit, and intent of the Code, or the Comprehensive Plan, on the following described property:

LTS 1 THRU 3 LESS BEG NWC LT 1 TH E38.83 SW40.77 E225.01 SE16.48 CRV LF 10.74 W40.92 N265.15 POB BLK 1, NOB HILL, City of Tulsa, Tulsa County, State of Oklahoma

Assistant City Attorney

To: Bob Gardner
TMAPC

Subject: Judicially Imposed Use Restrictions at the Southeast Corner of 71st and Yale Avenue

Date: February 10, 1978

Reference is made to a partial transcript of proceedings in the 71st and Yale lawsuit containing Judge Beasley's use restrictions to be imposed on the subject property, a copy of which is attached hereto. I have emphasized those portions of the transcript dealing with the use restrictions imposed for your convenience.

My analysis of the transcript is as follows: In addition to the use restrictions under our PUD ordinance, the restrictions set forth in plaintiff's exhibit no. 66, a copy of which is also attached hereto, shall also be imposed with the following exceptions:

A. That any signs and lighting to be implemented on the subject property be comparable to the sign and lighting restrictions imposed in the PUD at 81st and Harvard;

B. That the maximum floor area of any buildings on the subject property be limited to a total of 36,000 square feet plus or minus ten percent;

C. That in addition to the requirement that there be no liquor stores, beer taverns, or adult book stores as contained in exhibit 66; further, that there be no night clubs, massage parlors, or any business of an undesirable nature.

Two additional requirements imposed by the court are:

1. That the protestants be given an opportunity for input into the PUD, and

2. That the PUD be processed and completed and ready for presentation before the court on April 11, 1978, at 1:30 p.m.

If I may be of any further assistance in this matter, please advise.

RECEIVED

tdh
FEB. 1978

TULSA METRO AREA PLANNING COMM.

EXHIBIT F - PG. 1
A. SIGNS

Signs accessory to shopping use shall comply with the restrictions of the PUD Ordinance and the following additional restrictions:

Ground Signs

71st Frontage 2
Yale Frontage 2

Display Surface Area

Maximum per sign 128 sq. ft.
*Aggregate 400 sq. ft.

Setback from Development Boundaries

East Boundary 250 feet
Northwest corner 150 feet
(after r-o-w dedication)
Southwest corner 150 feet
(after r-o-w dedication)

Height above grade of abutting street 16 feet

Directional Signage:

Within Development Area shopping directory signs intended to inform the visitor as to the location within the center of a tenant or tenants may be free-standing if not exceeding 10 feet in height and if in the aggregate the display surface area of the directory signs and the frontage signs above described do not exceed the ordinance limitations. The size, dimension and height of directory signs shall be uniform throughout the center.
Wall or Canopy Signs

Aggregate Display Surface Area not exceeding one and one half foot per each lineal foot of the building wall to which the sign or signs are affixed. Wall or Canopy signs shall not exceed the height of the building. (PUD Ordinance permits 2 square feet)

B. DRIVEWAY ACCESS CONTROLS (Contained in Subdivision Plat:)

1. No access to shopping center from 71st Street.
2. No access to shopping center from Yale Avenue.

C. DENSITY CONTROLS

1. Floor area: 40,096 sq. ft. (maximum)
2. Height: 1-story
3. As per Section 730.0 of Zoning Code.
4. Parking: 168 motor vehicles (maximum)

D. OTHER CONTROLS

1. Commercial Shopping Center (CS) as set forth in Tulsa Zoning Code excluding Use Unit 4, Use Unit 15, Use Unit 16, Use Unit 17, Use Unit 18, Use Unit 19, Use Unit 20.

2. Landscaping along Yale and 71st Streets in front of the shopping center.

3. No liquor stores, beer taverns, adult book stores, or massage parlors, night clubs.
May 7, 2008

STAFF RECOMMENDATION

PUD-693-3: Minor Amendment – West of Yale Avenue, north side of 91st Street South; Lots 3, 4, 5, and 6 – Block 1 – Southern Woods Park III; TRS 0316; CZM 100; Atlas 1909; PD 18B CD 8, RS-3/OL/PUD.

The applicant is requesting a minor amendment to split the west 36’ from Lots 3 and 6, Block 1 – Southern Woods Park III (see Exhibits B1 and B2) and tie that 36’ to Lots 4 and 5, Block 1 Southern Woods Park III with a lot-combination. Lot-split applications L-20201 and L-20202 and Lot-Combination applications LC-88 and LC-89 have been filed concurrently with this minor amendment request.

Development Area A of PUD-693 consists of Lots 1 – 6, Block 1, Southern Woods Park III (see Exhibit A). The expanded Lots 4 and 5 will be utilized to accommodate larger office buildings than would be currently allowed (see Exhibits D1 and D2 versus Exhibit A). The remaining Lots 3 and 6 will retain enough area to allow for smaller sized office buildings (6,798 SF and 6,751 SF respectively – see Exhibits C1 and C2). There is no change in the permitted 28,000 SF of permitted floor area in Development Area A being requested.

Since the proposed amendment does not significantly alter the intent of the PUD, staff recommends APPROVAL of minor amendment PUD-693-3 with Development Area A standards as originally approved for PUD-693 applicable to Lots 5 and 6 pending approval of Lot-Split applications L-20201 and L-20202 and Lot-Combination applications LC-87 and LC-88.

Note: Approval of a minor amendment does not constitute detail site, landscape or sign plan approval.
A TRACT OF LAND THAT IS ALL OF LOT 3, BLOCK 1, "SOUTHERN WOODS PARK III", AN ADDITION TO THE CITY OF TULSA, TULSA COUNTY, STATE OF OKLAHOMA, ACCORDING TO THERecorded Plat Thereto (Plat No. 6062); TRACT BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

BEGINNING AT THE NORTHEAST CORNER OF SAID LOT THREE (3); THENCE S 00°03'21" W ALONG THE EASTERLY LINE OF SAID LOT THREE (3) A DISTANCE OF 103.79 FEET TO A POINT, POINT BEING SOUTHEAST CORNER OF SAID LOT THREE (3); THENCE DUE WEST ALONG THE SOUTHERLY LINE OF SAID LOT THREE (3) A DISTANCE OF 101.53 FEET TO A POINT, POINT BEING THE SOUTHWEST CORNER OF SAID LOT THREE (3); THENCE N 00°04'10" E ALONG THE WESTERLY LINE OF SAID LOT THREE (3) A DISTANCE OF 103.79 FEET TO A POINT, POINT BEING THE NORTHWEST CORNER OF SAID LOT THREE (3); THENCE DUE EAST ALONG THE NORTHERLY LINE OF SAID LOT THREE (3) A DISTANCE OF 101.53 FEET TO THE POINT OF BEGINNING.

SAID TRACT OF LAND CONTAINING 10,536.40 SQUARE FEET OR 0.24 ACRES, MORE OR LESS.

Real Property Certification

I, DAN E. TANNER, CERTIFY THAT THE ATTACHED LEGAL DESCRIPTION CLOSES IN ACCORD WITH EXISTING RECORDS; IS A TRUE REPRESENTATION OF THE REAL PROPERTY AS DESCRIBED, AND MEETS THE MINIMUM TECHNICAL STANDARDS FOR LAND SURVEYING OF THE STATE OF OKLAHOMA.

Dan E. Tanner, P.E., P.L.S.
Oklahoma P.L.S. #1435
Oklahoma Certificate of Authorization No. 2661
Expiration Date: 06/30/09
STAFF RECOMMENDATION

Z-6503-SP-2: Detail Site Plan – South side of 91st Street South, approximately 2,000 feet east of South Mingo Road; Lot 5, Block 1 – Crossroads Village; 9150 South 102nd East Avenue; TRS 1814; CZM 58; Atlas 1133; PD 18C CD 8; CO District.

The applicant is requesting approval of a detail site plan for a 4-story, 102 room hotel on Lot 5, Block 1 – Crossroads Village. The proposed use, Use Unit 19 – Hotel, Motel, and Recreation Facilities is a permissible use within the corridor district.

The applicant’s submitted site plan meets all applicable building floor area, setback and height standards. Adequate parking has been provided per the Zoning Code, a trash enclosure is proposed, and site lighting is provided.

Staff recommends APPROVAL of detail site plan Z-6503-SP-2 for the hotel use with the following revisions to the submitted site plan required:

- Per Z-6503-SP-2 approved development standards, at or near the southwest corner of the lot, provide access to the future (Mingo Valley) trail;

- Show elevation view of light standard not exceeding 25’ in total height;

- Show that lighting is being directed down and away from a person standing at ground level on the periphery of the property by application of the Kennebunkport Formula. Provide Kennebunkport calculations on the plan face.

- Include sidewalks along limited frontage along 102nd East Avenue per subdivision regulations.

(Note: Detail site plan approval does not constitute landscape or sign plan approval.)
STAFF RECOMMENDATION

PUD-648-A-1: Minor Amendment – East side of Olympia Avenue, approximately ¼ mile north of West 71st Street, ¼ mile east of Highway 75; Lot 3, Block 2 – Olympia Medical Park; IRS 1812; CZM 51; Atlas 1012; PD 8 CD 2; Corridor District.

The applicant is requesting a minor amendment to PUD-648-A-1 for the purpose of increasing the permitted floor area from 133,000 square feet (SF) to 133,733 SF, an increase of 733 SF, or about ¼ of 1%. The increase in floor area is to permit the expansion and enclosure of an existing loading dock.

The existing hospital structure is 131,711 square feet. The loading dock will be expanded by 2,022 square feet, 1,289 SF of which would be permitted under existing PUD development standards. The concept plan submitted appears to be in conformance with all other PUD development standards.

The 733 SF increase in permitted floor area over the permitted 133,000 SF is seen as negligible, and therefore, staff recommends APPROVAL of minor amendment PUD-648-A-1.

Note: Approval of a minor amendment does not constitute detail site, landscape or sign plan approval.
May 7, 2008

STAFF RECOMMENDATION

Z-6333-SP-4a:

Minor Amendment – Cancer Treatment Center; Northeast, of the northeast corner of 81st Street South and Mingo Road; Lot 5, Block 1 – Tallgrass; 10109 E. 79th Street South; TRS 8407; CZM; 54; Atlas;1413; PD 18 CD 8; CO/PUD.

The applicant is requesting a minor amendment to reduce the required setback along the west PUD boundary (west boundary of Lot 5, Block 1 – Tallgrass) from 100’ to 75’. Specifically, the applicant is seeking the 25-foot reduction for a distance of 120’ along the west boundary line of Lot 5, Block 1 – Tallgrass; beginning 220’ north of the south property line (see Exhibit A). The proposed amendment is for the construction of a four-story addition providing additional administrative space and 78 additional rooms which would be utilized for outpatient occupancy and occupancy for their families and caregivers. Further information can be seen in applicant’s Exhibit A.

The Cancer Treatment Center classifies as Use Unit 5 – Community Services and Similar Uses/Hospital. Immediately adjacent to the subject tract to the west is a multifamily development, Lot 1, Block 1 – Estancia, also a corridor-zoned tract. Consider that the most restrictive zoning district which allows hospitals to be located within the district by right is the OM district. If the Cancer Treatment Center were located next to a multifamily development (zoned RM) and was also within the most restrictive district for location of a hospital (OM), the required setback would be 10’, with no height limitations. It appears then, that the 100’ setback requirement from the west lot line for the Cancer Treatment Center lot is excessive, and was established prior to the development of the property west of the hospital property with three-story apartment buildings.

The relief being sought is a reduction of 25’, providing a 75’ buffer between this development and Estancia to the west. The request is limited to a distance of 120 feet along an 881-foot lot line. Also, the structure is a four-story addition along a lot line with three-story structures on the other side. Therefore, staff recommends APPROVAL of minor amendment PUD-579-A-11/PUD-579-B-1/Z-6333-SP-4a for a distance limited to 120’ along the west boundary line of Lot 5, Block 1 – Tallgrass; beginning 220’ north of the south property line.

Note: Approval of a minor amendment does not constitute detail site, landscape or sign plan approval.
MINOR AMENDMENT AND AMENDED DETAIL SITE AND LANDSCAPE PLANS FOR CANCER TREATMENT CENTER

EXHIBIT A

The Cancer Treatment Center (Southwestern Regional Medical Center) was constructed on Lot 5, Block 1, Tallgrass under Detail Site and Landscape Plans approved by the Tulsa Metropolitan Area Planning Commission.

Subsequently the owner of the Cancer Treatment Center hospital acquired the northerly 466.12 feet of Lot 4, Block 1, Tallgrass. By Lot Combination Declaration dated May 22, 2006, approved by the Tulsa Metropolitan Area Planning Commission on June 9, 2006, a copy of which is attached as Exhibit B, Lot 5, Block 1, Tallgrass was combined with the northerly 466.12 feet of Lot 4 Tallgrass in order that Lot 5 and part of Lot 4 might be considered as one tract for zoning purposes.

Cancer Treatment Center has provided specialized medical services for cancer patients from all 50 states and several foreign countries since opening in Tulsa in 1990. The original Detailed Site Plan for the hospital included 75 rooms for outpatients, their families and caregivers as an accessory use to the regional treatment center.

The Cancer Treatment Center has had extraordinary success in attracting and treating cancer patients. Currently as many as 40 rooms per night are rented at hotels for outpatients, their families, and caregivers which leaves those outpatients without direct access to emergency medical services.

Cancer Treatment Center proposes to construct on the west side of the existing hospital a four story addition providing additional administrative space and 78 rooms limited to occupancy by outpatients, their families and caregivers, as shown on Exhibit 1, Amended Detail Site Plan.

The four story addition is subject under an existing Corridor District Site Plan and Planned Unit Development to a 100 feet setback from the west boundary of Lot 5, Block 1. The unusually wide setback was established prior to the development of the property west of the hospital with three story apartment buildings.

Cancer Treatment Center requests approval of a minor amendment to the Corridor District Site Plan (Z-6333-SP-4) and Planned Unit Development Site Plan (PUD 579-B) to reduce the 100 feet setback to 75 feet for a distance of 120 feet beginning 220 feet north of the south property line of Lot 5, Block 1, Tallgrass as shown on Exhibit 1, Amended Detail Site Plan, and approval of a Detailed Landscape Plan for additional parking on the west part of Lot 4, Block 1, Tallgrass as shown on Exhibit 2, Amended Landscape Details – Pt. of Lot 4, Block 1.
LOT COMBINATION DECLARATION

ST. THOMAS/ST. JOHNS

UNITED STATES VIRGIN ISLANDS

Expedition Properties, L.L.C., an Illinois Limited Liability Company, qualified to do business in Oklahoma, being the sole owner of all interests, both legal and equitable, in the following described property, to-wit:

Tract 1
Lot Five (5), Block One (1), Tall Grass, a subdivision in the City of Tulsa, Tulsa County, State of Oklahoma, according to the recorded Plat No. 5647.

Tract 2
The northerly four hundred sixty-six and twelve hundredths (466.12) feet of Lot Four (4), *Tall Grass, a subdivision in the City of Tulsa, Tulsa County, State of Oklahoma, according to the recorded Plat No. 5647. *Block One (1)

With Tract 1 and Tract 2 being hereinafter referred to as the "Combined Parcel," declares and covenants as follows:

1. The properties in the Combined Parcel shall not be sold, conveyed or mortgaged separate and apart from any of the other properties within the Combined Parcel; and

2. Any attempted sale, conveyance or mortgage of the properties within the Combined Parcel, separate and apart from any of the other properties within the Combined Parcel shall be void.

3. The provisions of this Declaration may be amended or terminated only with the written consent of the Tulsa Metropolitan Area Planning Commission, or its successor.

The covenants of this Declaration shall run with the title of the properties within the Combined Parcel and shall be binding on all parties or successors in interest having or acquiring any right, title or interest in any part thereof. For and in consideration of the special benefits to the remainder of the above described property, accruing, upon this declaration, it is further declared and covenanted that the above described properties, for regulation purposes, shall be governed by the Zoning Codes of City of Tulsa or Tulsa County, as applicable, and the Subdivision Regulations adopted by the Tulsa Metropolitan Area Planning Commission.

Expedition Properties, L. L. C.

By: Corneli Williams, Its Manager

Lot Combination LC - approved in accordance with TMAFC Resolution 2415:870 approves this conveyance Date approved by TMAFC Official 8-07-06.

UNITED STATES VIRGIN ISLANDS

This instrument was acknowledged before me this 22 day of May, 2006, by Cornel Williams, as Manager of Expedition Properties, L. L. C.

Notary Public
Expiration: March 25, 2010
Commission No.: 014-06
MINOR SUBDIVISION PLAT

Davco Estates - (1321) (County)
West of southwest corner of East 96\textsuperscript{th} Street North and Highway 75

This plat consists of 2 Lots, 1 Block, on 6.68 acres.

The following issues were discussed April 17, 2008 at the Technical Advisory Committee (TAC) meeting:

1. **Zoning**: The property is zoned RE/PUD 715. Conditions of the PUD must be met and the covenants must reflect the PUD standards.

2. **Streets**: Additional right-of-way may be required. Sidewalks required along both sides of public street. Add standard language for sidewalks.

3. **Sewer**: Septic is proposed.

4. **Water**: Rural water will be served by Washington Rural Water District # 3. Appropriate covenant language must be used.

5. **Storm Drainage**: Overland drainage flowing onto the site from the east should be addressed. Should probably add standard language for overland drainage easements.

6. **Utilities**: Telephone, Electric, Gas, Cable, Pipeline, Others: No comment.

7. **Other: Fire**: Out of City of Tulsa. Get with responding fire department for comments. Recommend the following corrections: Provide proper hammerhead to be able to turn a fire truck around, provide hydrant coverage to the proposed house on Lot 2.

   **GIS**: Move point of commencement to northeast corner, Section 21, T 21 N, R 13 E. Provide e-mail addresses for surveyor and engineer. Basis of bearing for the plat should be clearly described and stated in degrees, minutes, seconds. “Date of Preparation” should be placed before the date. No addresses are shown on the plat, although they are mentioned in the plat notes. Point of commencement should be the northeast corner, Section 21, T 21 N, R 13 E.

   **County Engineer**: For publicly maintained street access, show Reserve A as “Right-of-Way to be dedicated by this plat” and Reserve A in Davco
10. Bearings, or true N/S, etc., shall be shown on perimeter of land being platted or other bearings as directed by the County Engineer.

11. All adjacent streets, intersections and/or widths thereof shall be shown on plat.

12. It is recommended that the developer coordinate with the Public Works Department during the early stages of street construction concerning the ordering, purchase and installation of street marker signs. (Advisory, not a condition for plat release.)

13. It is recommended that the applicant and/or his engineer or developer coordinate with the Tulsa City/County Health Department for solid waste disposal, particularly during the construction phase and/or clearing of the project. Burning of solid waste is prohibited.

14. The method of sewage disposal and plans therefore shall be approved by the City/County Health Department. [Percolation tests (if applicable) are required prior to preliminary approval of plat.]

15. The owner(s) shall provide the following information on sewage disposal system if it is to be privately operated on each lot: type, size and general location. (This information to be included in restrictive covenants on plat.)

16. The method of water supply and plans therefore shall be approved by the City/County Health Department.

17. All lots, streets, building lines, easements, etc., shall be completely dimensioned.

18. The key or location map shall be complete.

19. A Corporation Commission letter, Certificate of Non-Development, or other records as may be on file, shall be provided concerning any oil and/or gas wells before plat is released. (A building line shall be shown on plat on any wells not officially plugged. If plugged, provide plugging records.)

20. A "Letter of Assurance" regarding installation of improvements shall be provided prior to release of final plat. (Including documents required under 3.6.5 Subdivision Regulations.)

21. Applicant is advised of his responsibility to contact the U.S. Army Corps of Engineers regarding Section 404 of the Clean Waters Act.

22. All other Subdivision Regulations shall be met prior to release of final plat.

23. All PUD standards and conditions shall be included in the covenants of the plat and adequate mechanisms established to assure initial and continued compliance with the standards and conditions.

24. Private streets shall be built to City or County standards (depending upon the jurisdiction in which the plat is located) and inspected and accepted by same prior to issuance of any building permits in the subdivision.
APPLICATION: Z-7085

TRS 0224
CZM 28

ATLAS 430
PD-25 CD-1

TMAPC Hearing Date: May 7, 2008
(Continued from March 5, 2008)

Tract Size: 2.92+ acres

APPLICANT: John W. Mcody

ADDRESS/GENERAL LOCATION: North of northeast corner of North Cincinnati Avenue and East 31st Street North

EXISTING ZONING: AG/RM-1/OL
EXISTING USE: Day care center

ZONING ORDINANCE: Ordinance number 11918 dated September 1, 1970 established zoning for the subject property.

PROPOSED ZONING: CS
PROPOSED USE: Commercial/day care

RELEVANT ZONING HISTORY:

Z-7054 June 2007: All concurred in approval of a request for rezoning a 15.86+ acre tract of land from AG/OL to RM-1 for multifamily on property located north of the northeast corner of North Cincinnati Avenue and East 31st Street North and a part of the subject property.

BOA-18540 November 9, 1999: The Board of Adjustment approved a special exception to allow for one-bedroom duplexes as part of "Crestview II" development in an RS-3 and CS district per plan submitted on property located southeast of the southeast corner of East 36th Street North and North Cincinnati Avenue and north of subject property.

Z-6553 September 1996: All concurred in approval of a request for rezoning a 12+ acre tract of land from RS-3 to RM-1 on property located south of the southeast corner of East 36th Street North and North Cincinnati and abutting north of subject property.

CDP-18 June 6, 1967: The Board of Adjustment approved a Community Development Plan for multifamily development which allowed 198 dwelling units located at North Garrison and Gilcrease Expressway and abutting east of subject property.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 2.92+ acres in size and is located north of the northeast corner of North Cincinnati and East 36th Street North. The property appears to have a child daycare use and vacant land and is zoned AG/RM-1 and OL.

STREETS: 

<table>
<thead>
<tr>
<th>Exist. Access</th>
<th>MSHP Design</th>
<th>MSHP R/W</th>
<th>Exist. # Lanes</th>
</tr>
</thead>
<tbody>
<tr>
<td>North Cincinnati</td>
<td>Secondary arterial</td>
<td>100'</td>
<td>4</td>
</tr>
</tbody>
</table>
UTILITIES: The subject tract has -- municipal water and sewer available.

SURROUNDING AREA: The subject tract is abutted on the east by a multifamily residential development zoned RM-1; on the north by a vacant church, zoned RM-1; on the south by an expressway under construction and vacant land, zoned AG and RS-3; and on the west by heavily wooded vacant land, zoned AG.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The *District 25 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates this area as being in Special District 5 – Development Incentive Area. According to the Zoning Matrix, the requested CS zoning may be found in accord with the Plan under the Special District designation. Special District 5 plan policies call for it to be developed as a well designed and well planned growth area, and to include buffering to protect adjacent residential areas. The plan also encourages development in these areas through a PUD.

STAFF RECOMMENDATION:
Although plan provisions appear to encourage commercial and other related development here, the policies indicate that a unified approach under a PUD is envisioned, rather than a piecemeal development such as this. Staff cannot support the requested CS zoning, as it would be spot zoning adjacent to residential uses and/or zoning on three sides. Therefore, staff recommends DENIAL of CS zoning for Z-7085.

CZM 39                    PD-17 CD-5

TMAPC Hearing Date: May 7, 2008

Applicant: Kamlesh Aggarwal

Tract Size: 4.13± acres

ADDRESS/GENERAL LOCATION: Southwest corner of East 21st Street and South 109th East Avenue

EXISTING ZONING: OM/CS/PUD-689
EXISTING USE: Residential/vacant

ZONING ORDINANCE: Ordinance number 11817, dated June 26, 1970, established OM zoning for the subject property. The PUD overlay and CS underlying zoning were established by ordinance number 20675, dated September 17, 2003.

PROPOSED ZONING: CS (*if approved, this application will necessitate abandonment of the overlaying PUD)
PROPOSED USE: Retail services

RELEVANT ZONING HISTORY:

Z-6903 September 2003: All concurred in approval of a request for rezoning a .39± acre tract of land from OM to CS/PUD for computer store and repair with internet coffee shop on property located southwest corner East 21st Street South and South 109th East Avenue.

PUD-689 September 2003: All concurred in approval of a request for rezoning a 1.15± acre tract of land for computer store and repair with internet coffee shop on property located southwest corner East 21st Street South and South 109th East Avenue.

BOA-17575 November 1996: The Board of Adjustment approved a request for a special exception to allow a mini-storage facility on the tract abutting the subject tract on the west, subject to approval of a site plan by the Board prior to issuance of a building permit.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 4.13± acres in size and is located southwest corner of East 21st Street and South 109th East Avenue. The property appears to be vacant with some residential and is zoned OM/CS/PUD-689.

STREETS:
Exist. Access         MSHP Design      MSHP R/W      Exist. # Lanes
East 21st Street South Primary arterial 120' 4+ turn lanes
South 109th East Avenue N/A             N/A           2

UTILITIES: The subject tract has municipal water and sewer available.
SURROUNDING AREA: The subject tract is abutted on the east across South 109th East Avenue by commercial and mixed uses, zoned CS; on the north by single-family residential uses, zoned RS-3; on the south largely by single-family residential uses, zoned RS-3, and some multifamily mixed uses, zoned RM-1; and on the west by single-family residential uses, zoned RS-3.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The District 17 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates the OM-zoned portion of this area as being Medium Intensity-Office land use and the CS-zoned portion as being Medium Intensity-No Specific land use. According to the Zoning Matrix, the requested CS zoning is in accord with the area designated by the Plan as Medium Intensity-No Specific land use and is not in accord with the area designated by the Plan as Medium Intensity-Office land use.

STAFF RECOMMENDATION:
Based on the District Plan and the majority of surrounding uses, staff cannot support the requested CS zoning. The location, moreover, does not meet the Development Guidelines requirements for a medium intensity node, which requires location at the corner of an arterial/arterial intersection. Therefore, staff recommends DENIAL of CS zoning for the portion currently zoned OM on Z-7086.

UTILITIES: The subject tract has municipal water and sewer available.
SURROUNDING AREA: The subject tract is abutted on the east by Garnett Acres Addition, zoned CS; on the north by 21st Street and Magic Circle Addition, zoned RS-3; on the south by Magic Circle Second Addition, zoned RS-3/RM-1; and on the west by Mesa Park, zoned RS-3.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The District 17 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates this area as being medium intensity. According to the Zoning Matrix, the underlying OM/CS zoning is in accord with the Plan. Also, the applicant has requested to rezone the subject property to CS under rezoning application Z-7086 which is also on the February 6, 2008 agenda. The requested CS zoning is also in accord with the Plan.

STAFF RECOMMENDATION:
This property is currently zoned OM/CS/PUD-689 and is located on the south side of 21st Street South on the west side of 109th East Avenue. The applicant is requesting abandonment of PUD-689 and has a pending rezoning application, Z-7086 requesting removal of the OM portion of the site and extending the underlying CS zoning to the remainder of the tract.

According to the Zoning Code upon abandonment of the PUD and approval by the City Council, the zoning of the tract reverts back to the underlying zoning. Staff finds that the OM zoning on the west and south of this parcel provides an adequate buffer for the residential areas located south and west of this site.

Upon abandonment of the PUD and approval by the City Council, the City Council upon an applicant’s request may amend the underlying zoning of the tract. Should the rezoning request for the tract be approved the new CS zoned lot would also be buffered from the residential lots immediately to the south and west by intermediary OM zoned tracts.

Based on the aforementioned, staff recommends APPROVAL of major amendment PUD-689-A, with the condition that the PUD revert back to the underlying CS and OM zoning subject to the conditions recommended by the Technical Advisory Committee during the FUD abandonment process which are approved by TMAPC.

TRS 8414  Atlas 1413/1568
CZM 54  PD-18C CD-8

TMAPC Hearing Date: May 7, 2008

Applicant: Danny Mitchell
Tract Size: 7.6 ± acres

ADDRESS/GENERAL LOCATION: South of the southeast corner of East 81st Street South
and South Mingo Road

EXISTING ZONING: CO
EXISTING USE: Vacant

ZONING ORDINANCE: Ordinance number 16426 dated August 20, 1985, established zoning
for the subject property.

PROPOSED ZONING: CO
PROPOSED USE: Commercial - Office,
Retail, Mini-Storage

RELEVANT ZONING HISTORY:

PUD-579-B/Z-6333-SP-4 December 2006: All concurred in approval of a proposed Major
amendment to PUD and Corridor Site Plan on a 16.63± acre tract for land to permit
hotel/motel under Use Unit 19 and to establish the development standards thereof, on
property located on the east site of South 101st East Avenue and north of East 81st Street South.

Z-6735/PUD-625/Z-6735-SP-1 February 2000: All concurred in approval of a request to
rezone a tract of land from AG to CO and of a proposed Planned Unit Development/Corridor
Site Plan on a 9+ acre tract, located east of the southeast corner of East 81st Street and South
Mingo Road, for commercial, office and hotel on the north 6.9 acres and office and mini
storage on the south 2.5 acres, per staff recommendation.

PUD-579-A/Z-6333-SP-2 February 1999: All concurred in approval of a proposed Major
Amendment to PUD-579 and a Corridor Site Plan to amend boundary of PUD, create 3
development areas, add Use Units 2 (private clubs), 5 (community centers), 11, and to establish
permitted uses for new Development Area on property located on the north side of Eas: 81st
Street and west of Mingo Valley Expressway.

PUD-579/Z-6333-SP-1 February 1998: All concurred in approval of a proposed PUD on a 49
acre tract which is located on the north side of E. 81st Street S. at the Mingo Valley to allow a
mixed residential development which would include townhouse dwellings, apartments, churches,
private schools and other uses that are compatible with a residential environment, subject to
approval of detail site plan approval with the PUD standards being met, for each development
area prior to issuance of building permits.

BOA-17467 August 27, 1996: The Board of Adjustment approved a Variance to permit a
Corridor development's access to be from an arterial street (Use Unit 2) per plan submitted;
finding that the approval of this application will not be injurious to the area on property located and abutting south of the subject property.

Z-6051-SP-1 June 1996: A proposed Corridor Site Plan was submitted on a 2.8+ acre tract of land for a 37-unit assisted living apartment complex on property located and abutting south of subject property. Staff recommended denial of the site plan due to a lack of a collector street and the intensity of the use for this area. The TMAPC and City Council concurred in approval of the Site plan subject to a variance of access provision (BOA-17467).

Z-6528 May 1996: All concurred in approval of a request for rezoning a 10+ acre tract of land from AG to RS-3 for single-family subdivision on property located south and east of the southeast corner of East 81st Street South and South Mingo Road and abutting the subject property to the east.

Z-6023-SP-1 November 1995: All concurred in approval of a Corridor Site Plan on property located south of the southeast corner of E. 91st Street S. and S. Mingo Road and south of the subject property, for residential development (709 120' minimum lot sizes).

PUD-531 April 1995: All concurred in approval of a proposed Major Amendment on a 36.8 acre tract for 3 development areas: Area A is 10.8 acres for commercial shopping; Area B is 4.6 acres for office; Area C is 18.6 acres for apartment on property located on the northeast corner of East 81st Street and Mingo Road.

Z-6470/PUD-522 January 1995: All concurred in approval of a request to rezone a ten acre tract located on the southwest corner of E. 81st Street S. and S. Mingo Road from AG to CS/RM-0/PUD for a shopping center development.

Z-6432 February 1994: All concurred to approve a request to rezone a 5.22 acre tract of land from AG to CS for commercial uses, on property located on the southeast corner of East 81st Street South and South Mingo Road and abutting the subject property to the north.

Z-6281/PUD-460 May 1990: A request to rezone a 150 acre tract located in the northwest corner of E. 81st Street S. and S. Mingo Road from AG to CS/RM-0/RS-3/PUD-460 was approved for a mixed use development which included approximately 11 acres of CS at the intersection, a wrap around for multifamily development with RM-0 on approximately 23 acres and the balance being RS-3 zoning for single-family development.

BOA-15092 April 20, 1989: The Board of Adjustment approved a Special Exception to allow for an existing golf course and related uses in an AG District; finding that the use has been in existence for many years at the present location on property located south and west southwest corner of East 31st Street South and South Mingo Road and abutting the subject property on the west across South Mingo Road.

Z-6174 October 1987: All concurred in approval of a request to rezone the northwest corner of E. 81st Street and S. Mingo Valley Expressway from RS-3 to CO.

Z-6132 January 1987: All concurred in approval to rezone a 5+ acre tract located on the northeast corner of East 81st Street South and South Mingo Road from CO to CS.

Z-6051 July 1985: All concurred in approval of a request to rezone 11.5 acres located south of the southeast corner of East 81st Street South and South Mingo Road from AG to CO.
Z-6034 May 1985: All concurred in approval of a request to rezone from AG, RM-0 and CS to CO located on the northeast corner East 81st Street South and South Mingo Road. A 467' x 467' commercial node on the northeast corner remained CS and the remainder of the property was rezoned to CO.

Z-6023 March 1985: All concurred in approval to rezone 38 acres from AG to CO located south of the southeast corner of East 81st Street South and South Mingo Road.

BOA-12030 June 24, 1982: The Board of Adjustment approved a Special Exception to permit a school (Tulsa Junior College Southeast Campus) in an AG District with conditions that the applicant return to the Board with building plans prior to the issuance of building permit. On September 16, 1982 this case was presented to consider a conceptual site plan for the school and the Board approved it as presented.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 7.61+ acres in size and is located south of the southeast corner of East 81st Street South and South Mingo Road. The property appears to be vacant and is zoned CO.

STREETS:

<table>
<thead>
<tr>
<th>Existing Access</th>
<th>MSHP Design</th>
<th>MSHP R/W</th>
<th>Existing # Lanes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mingo Road</td>
<td>Secondary Arterial</td>
<td>100'</td>
<td>2</td>
</tr>
</tbody>
</table>

UTILITIES: The subject tract has municipal water and sewer available.

SURROUNDING AREA: The subject tract is abutted on the east by College Center at Meadowbrook, zoned CC/PUD-625 and South Towne Square Extended, zoned RS-3; on the north by Meadow Brook Village, zoned CS; on the south by Tulsa Sterling House No. 1, zoned CO; and on the west by Mingo Road and Meadow Brook Center, zoned CS/RM-O/PUD-522 and undeveloped/unplatted land, zoned AG.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The District 18 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates this area as being low intensity Corridor District. According to the Zoning Matrix, the existing CO zoning is in accord with the Plan.

STAFF RECOMMENDATION:

This unplatted 7.6 acre tract is located on the east side of Mingo Road approximately 300' south of the south-east corner of 81st Street South and Mingo Road, City of Tulsa, Tulsa County, Oklahoma. The entire tract will be platted as a four lot, one block commercial subdivision with one private corridor collector street.

This corridor zone application proposes a two development area; mixed use commercial and office development with additional mini-storage and open air storage permitted in Development Area B only (see Exhibit A). Access to the site would be from Mingo Road via the private corridor collector East 82nd Place South by mutual access and platted as part of Lot 4 (see Exhibit B).

The City of Tulsa Fire Marshall is requiring that 82nd Place be extended into the single-family South Towne Square Extended to the east. This is to provide direct emergency access from Mingo Road as required since there are over 30 homes in the development. As a result of
concern over through traffic raised by the South Towne Square Extended homeowners association it would be staff’s recommendation to construct an 8 foot high, solid screened crash gate eliminating the potential for through traffic. At the same time, the gate would provide the required direct emergency access from Mingo Road. The remainder of the boundary in common with the single-family use will be screened by the erection of an 8-foot high screening wall or fence. Design of such gates and wall or fence would require detail site plan review and approval from the TMAPC.

Lot 1 does not have direct access to the corridor collector, however, staff finds that access to Mingo Road for Lot 1, with Mutual Access through Lot 2 to the corridor collector is a viable development alternative (see Exhibit B) with access to Lot 4 provided as well. This is because of the prior development of South Towne Square Extended which did not provide direct emergency access from an arterial street into the neighborhood. With proposed development of this tract 82rd Place must be extended straight through to South Towne Square Extended. 82nd Place thereby becomes the corridor collector street by default. The collector will be privately dedicated, maintained and closed to through traffic to the east.

Proposed building setbacks, floor area, parking and landscaping will meet applicable standards as set forth by the Zoning Code. Lighting will be directed down and away from residential areas and will subject to the Kennebunkport Formula. Lot lines in common with any residential district shall be screened from the development by the erection of an 8' solid screening wall or fence.

Based upon the proposed Development Concept and Standards, staff finds Z-6051-SP-2 to be: (1) in harmony with the existing and expected development of surrounding areas; (2) a unified treatment of the development possibilities of the site given the surrounding approved developments; and (3) consistent with the stated purposes and standards of the CO Chapter of the Zoning Code.

Therefore, staff recommends APPROVAL of Z-6051-SP-2 subject to the following conditions:

1. The applicant’s Outline Development Plan and Text be made a condition of approval, unless modified herein.

2. Development Standards:

   **Development Area A**

   | Net Land Area:                  | 4.48 Acres                      | 195,169 SF     |

   **Permitted Uses:**
   Uses permitted as a matter of right in Use Unit 10, Off-Street Parking; Use Unit 11, Offices and Studios, and Support Services; Use Unit 12, Entertainment and Eating Establishments other than Drive-ins; Use Unit 13, Convenience Goods and Services; Use Unit 14, Shopping Goods and Services; and uses customarily incidental thereto.

   **Maximum Building Floor Area (1.25 FAR):** 243,961 SF

   **Maximum Land Coverage of Buildings:** 30%

   **Maximum Building Height:** 35' - two stories
Minimum Building Setbacks:
From development area/internal lot boundaries: 20 FT
From the easterly right-of-way line of Mingo Road: 100 FT
Office and research buildings: 100 FT
All other commercial buildings: 200 FT
From the ROW boundary of 82nd Place South: 35 FT

*Except, a 100-foot building setback shall apply to commercial buildings located within 550' of an arterial street intersection.

Development Area B

Net Land Area: 3.07 Acres 133,983 SF

Permitted Uses:

Uses permitted as a matter of right in Use Unit 10, Off-Street Parking; Use Unit 11, Offices and Studios, and Support Services; Use Unit 12, Entertainment and Eating Establishments other than Drive-ins; Use Unit 13, Convenience Goods and Services; Use Unit 14, Shopping Goods and Services; Use Unit 16, Mini storage including open air storage; and uses customarily incidental thereto.

Maximum Building Floor Area (1.25 FAR): 167,478 SF

Maximum Land Coverage of Buildings: 30%

Maximum Building Height: 55' - four stories

Minimum Building Setbacks:
From north boundary of Development Area B: 10 FT
From the east boundary line of Development Area B: 10 FT*
From the west boundary line of Development Area B: 10 FT
From the ROW boundary of 82nd Place South: 35 FT

*Plus 2-feet of additional setback for every foot of building height exceeding 15' from any lot line or boundary line in common with an R district.

Landscaped Area:

A minimum of 10% of the net land area shall be improved as internal landscaped open space in accord with the provisions of the Landscape Chapter of the Tulsa Zoning Code and may include required street yard landscaping.

Signs:

1) Ground signs shall be permitted within Area A as follows:

(a) One Identification sign for Lot 4 is permitted at the intersection of West 82nd Place South and Mingo Road. The identification sign shall not
exceed a maximum height of 12 feet and a maximum display surface area of 80 feet not including masonry structures on which the display surface area may be located where applicable.

(b) One ground sign for each lot fronting Mingo Road, each sign not exceeding eight feet in height and 80 square feet of display surface area.

2) Wall signs shall be permitted not to exceed two square feet of display surface area per lineal foot of building wall to which attached. The length of a wall sign shall not exceed 75% of the frontage of the building. There will be no wall signs within 200’ of the residential area to the east.

Lighting:

Light standards whether building or pole mounted, shall not exceed 25 feet in height and shall be hooded and directed downward and away from adjoining properties. Any fixture, either building mounted or free-standing, within 200’ of South Towne Square Extended shall be limited to 15’ in total height. All light fixtures shall be arranged so as to shield and direct the light away from surrounding residential areas. Shielding of such light shall be designed so as to prevent the light producing element or reflector of the light fixture from being visible to persons within surrounding residential areas. Compliance with these standards and with the City of Tulsa Zoning Code must be qualified per application of the Kennebunkport Formula. Calculations must include consideration of topography.

Access:

In order that the traffic-carrying capacity of the transportation system may be maintained, the development’s access shall be principally from the internal private collector streets. In keeping, there shall be no direct access to Mingo Road from lots 1, 2, and 3.

Transit:

Tulsa Transit operates services at this location. According to MTTA future plans this location will continue to be served by a transit route. Therefore, consideration for access to public transportation should be included in the development and during the platting process.

Pedestrian Circulation:

A pedestrian circulation plan shall be required that includes the following:

(a) Sidewalks along Mingo Road, as well as both sides of the collector street per subdivision regulations.

(b) Pedestrian walkways through parking lots and between buildings where practical; a minimum of three (3) feet in width, separated from vehicular travel lanes to the maximum extent possible and designed to provide safe
access to non-street front building entrances and/or sidewalks. The three (3) foot width shall not include any vehicle overhangs. Wheel stops shall be installed in parking spaces adjacent to all pedestrian walkways.

(c) Pedestrian walkways connecting existing transit stops to non-street front building entrances where applicable.

(d) Pedestrian walkways clearly distinguished from traffic circulation, particularly where vehicular and pedestrian routes intersect where practical.

**Screening:**

An 8-foot solid screened, emergency crash gate will be constructed across the entry from 82nd Place into South Towne Square Extended to the east to meet the requirements of the City of Tulsa Fire Marshall providing required emergency access to the neighborhood while at the same time eliminating potential for through traffic. An 8’ screening wall or fence with a minimum 5-foot landscape buffer shall extend along the rest of the boundary in common with the R District. The design of such screening wall or fence and solid screened gating shall be subject to detail site plan review and approval from the TMAPC. This includes number seven (7) below.

3. No zoning clearance permit shall be issued for a lot within the Corridor Site Plan until a detail site plan for the lot, which includes all buildings, parking, screening fences and landscaping areas, has been submitted to the TMAPC and approved as being in compliance with the approved Corridor Site Plan development standards.

4. A detail landscape plan for each lot shall be approved by the TMAPC prior to issuance of a building permit. A landscape architect registered in the State of Oklahoma shall certify to the zoning officer that all required landscaping and screening fences have been installed in accordance with the approved landscape plan for the lot, prior to occupancy or at the soonest appropriate planting time. The landscaping materials required under the approved plan shall be maintained and replaced as needed, as a continuing condition of the granting of an occupancy permit.

5. No sign permits shall be issued for erection of a sign on a lot within the Corridor Site Plan until a detail sign plan for that lot has been submitted to the TMAPC and approved as being in compliance with the approved Corridor Site Plan development standards.

6. Flashing signs, changeable copy signs, running light or twinkle signs, animated signs, revolving or rotating signs or signs with movement shall be prohibited.

7. All trash, mechanical and equipment areas (excluding utility service transformers, pedestals, or equipment provided by franchise utility providers), including building mounted, shall be screened from public view in such a manner that the areas cannot be seen by persons standing at ground level.

8. The Department of Public Works or a professional engineer registered in the State of Oklahoma shall certify to the appropriate City official that all required Stormwater drainage
structures and detention areas serving a lot have been installed in accordance with the approved plans prior to issuance of an occupancy permit on that lot.

9. No building permit shall be issued until the requirements of Section 1107F of the Zoning Code have been satisfied and approved by the TMA PC and filed of record in the County Clerk’s office, incorporating within the restrictive covenants the Corridor Site plan conditions of approval and making the City beneficiary to said covenants that relate to the Corridor Site Plan conditions.

10. Subject to conditions recommended by the Technical Advisory Committee which are approved by TMA PC.

11. Approval of the Corridor Site Plan major amendment is not an endorsement of the conceptual layout. This will be done during detail site plan review or the subdivision platting process.

12. There shall be no outside storage of recyclable material, trash or similar material outside a screened receptacle, nor shall trucks or truck trailers be parked in the PUD except while they are actively being loaded or unloaded. Truck trailers and shipping containers shall not be used for storage in the PUD. Open air storage is limited to Lot 4.

**TAC Comments:**

**General:** No comments.

**Water:** A water main extension line will be required.

**Fire:** Approved fire apparatus access roads shall be provided for every facility, building or portion of a building hereafter constructed or moved into or within the jurisdiction. The fire apparatus access road shall comply with the requirements of this section and shall extend to within 150 feet of all portions of the facility and all portions of the exterior walls of the first story of the building as measured by an approved route around the exterior of the building or facility.

Where a portion of the facility or building hereafter constructed or moved into or within the jurisdiction is more than 400 feet (122 m) from a hydrant on a fire apparatus access road, as measured by an approved route around the exterior of the facility or building, on-site fire hydrants and mains shall be provided where required by the fire code official.

**Exceptions:**
1. For Group R-3 and Group U occupancies, the distance requirement shall be 600 feet (183 m).
2. For buildings equipped throughout with an approved automatic sprinkler system the distance requirement shall be 600 feet.

**Stormwater:** On-site Detention has been required for this site. It should be added to the Corridor Plan’s narrative and Site Plan.

**Wastewater:** Sanitary sewer access must be provided to all proposed lots within the Development. Due to the potential for problems with grade, the developer will be required to present a proposed sanitary sewer mainline extension before the preliminary plat can be approved.
Transportation: Sidewalk required along Mingo Road.

Traffic: Recommend that the East-West Mutual Access Easement be increased from 26 to 30 ft in order to provide 2ft clearance behind both curbs. Develop and include in the Covenants language to provide either Public Access or Emergency Access to/from South Towne Square Extended via the E-W roadway (82nd Place).

INCOG Transportation:

- MSHP: S. Mingo, between E. 81st St. S. and E. 91st St. S., designated secondary arterial. Sidewalks should be constructed if non-existing or maintained if existing, per Subdivision Regulations.
- LRTP: S. Mingo, between E. 81st St. S. and E. 91st St. S., planned 4 lanes. Sidewalks should be constructed if non-existing or maintained if existing, per Subdivision Regulations.
- TMP: No Comment
- Transit: Currently, Tulsa Transit operates services at this location. According to MTA future plans this location will continue to be served by a transit route. Therefore, consideration for access to public transportation should be included in the development.

TULSA METROPOLITAN AREA PLANNING COMMISSION
CASE REPORT

APPLICATION: Z-7008-SP-2

TRS 8211
CZM 51

TMAPC Hearing Date: May 7, 2008

Applicant: Charles E. Norman

Tract Size: 1.3 ± acres

ADDRESS/GENERAL LOCATION: North of northwest corner of South Olympia Avenue & West 81st Street

EXISTING ZONING: CO

EXISTING USE: Vacant

ZONING ORDINANCE: Ordinance number 21009 dated February 18, 2005, established zoning for the subject property.

PROPOSED ZONING: CO

PROPOSED USE: Regional shopping center

RELEVANT ZONING HISTORY:

PUD-739 May 2007: All concurred in approval of a proposed Planned Unit Development for rezoning a 25+ acre tract of land for single-family development permitting 43 dwelling units on property located northwest corner of West 81st Street South and South Elwood Avenue.

Z-7052/PUD-738 May 2007: All concurred in approval of a request for rezoning a 40± acre tract of land from AG to RS-3/RM-0/CS/PUD and a proposed Planned Unit Development for a mixed use development on property located on the southwest corner of West 71st Street and South Elwood Avenue.

Z-7008-SP-1/Z-6966-SP-1/Z-6967-SP-1 March 2006: All concurred in approval of a Corridor Site Plan on 176± acres to permit a regional shopping center know as the Tulsa Hills site with a total of 1,554,194 square feet of maximum building floor area approved at a .25 floor area ratio. On property located east of US Highway 75 between West 71st and West 81st Streets.

Z-7008 March 2006: All concurred in approval of a request to rezone a 43.6+ acre tract from AG/RS-3 to CO on property located East side of U. S. Highway 75 South between West 71st Street South and West 81st Street South for regional shopping center known as Tulsa Hills.

Z-6967 February 2005: Approval was granted on a request to rezone the sixty-two acre tract located on the northeast corner of West 81st Street South and U. S. Highway 75 South and abutting the subject property on the southwest corner, from AG to CO.

Z-6966 February 2005: Approval was granted on a request to rezone a seventy-two acre tract located on the southeast corner of West 71st Street South and U. S. Highway 75 South from AG to CO. This property abuts the subject property on the west. An accompanying recommendation was to amend the District Plan map to reflect the CO rezoning, which will be done when the annual plan updates are processed.
Z-6871 November 2002: All concur in approval of a request to rezone a 141-acre tract abutting the subject property on the south and lying in the northwest corner of West 81st Street and South Elwood Avenue, from AG to RS-3 for residential development.

Z-6001-SP-1/PUD-648 May 2001: A Planned Unit Development and Detail Corridor Site Plan were approved for hospital and office use on a 56 acre parcel located on the northeast corner of West 71st Street and U. S. Highway 75 South. The original CO zoning for this parcel had been approved in 1984 from AG to CO.

PUD-636/Z-5457-SP/Z-4825-SP October 2000: Approval was granted, subject to conditions of the PUD, for a Planned Unit Development on a 108-acre tract located on the northwest corner of West 81st Street South and South Highway 75 and west of the subject tract. The proposed uses include single-family and townhouse dwellings and commercial uses.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 1.3 acres in size and is located on the east side of U. S. Highway 75 South between West 71st Street South and West 81st Street South; and a portion of the north half is bounded on the east by South Jackson Avenue, all in Tulsa, Oklahoma. The property is sloping, wooded, vacant and zoned AG, RS-3 and CO.

STREETS:

<table>
<thead>
<tr>
<th>Exist. Access</th>
<th>MSHP Design</th>
<th>MSHP R/W</th>
<th>Exist. # Lanes</th>
</tr>
</thead>
<tbody>
<tr>
<td>South Olympia Avenue</td>
<td>Corridor Collector</td>
<td>80'</td>
<td>2 lanes</td>
</tr>
</tbody>
</table>

UTILITIES: Municipal water and sewer are available.

SURROUNDING AREA:
The tract is abutted on the west by U.S. Highway 75, to the west of which is vacant property zoned CO, CS and AG; on the north by Tulsa Hills Development Area D then by West 71st Street South and a medical office park zoned CO and vacant property zoned AG; on the east by Olympia Avenue then Development Area E of Tulsa Hills, scattered single-family homes, zoned AG and RS-3, and a developing residential subdivision zoned RS-3; and on the south by Lot 12, Block 1 – Tulsa Hills then by West 81st Street South and vacant property zoned CS, OL and AG.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The District 8 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates this area as being a Low to Medium Intensity - Corridor District. According to the Zoning Matrix, the existing CO zoning is in accord with the Plan.

STAFF RECOMMENDATION:
This 1.3 acre tract is part of Lot 11, Block 1 – Tulsa Hills, and is located on the west side of Olympia Avenue between 71st Street South and 81st Street South. The tract is identified as Development Area F, Tract A - Lot 11, Block 1 - Tulsa Hills.

On March 19, 2008 the TMAPC approved minor amendment Z-7008-SP-1e allowing the split of Lot 11, Block 1 into three Development Tracts and re-allocated the permitted floor area to new Tracts A, B, and C (see "permitted floor area" below). There was no request to allow an increase in overall permitted floor area for the development area. On April 16, 2008 the TMAPC approved minor amendment Z-7008-SP-1g, adjusting the re-allocated floor area portion of Z-7008-SP-1e to the existing permitted levels as a result of a clerical error in requesting a floor area re-allocation as a part of the original application for Z-7008-SP-1e. Again, there was no
Again, there was no request for an increase in overall floor area (see attached Exhibit B).

This major amendment request is to permit specific uses within Use Unit 17 – Automotive and Allied Activities to Tract A only, of Lot 11, Block 1 – Tulsa Hills. Tract A is currently approved for certain automotive uses within Use Unit 14 limited to Oil and Lubrication Service (three bay maximum).

Specifically the request is for the addition of Tire Sales, Brake Repair/Replacement, Chassis Alignment, Shock Absorber Maintenance and Installation, Battery Sales, Oil Changes and Lubrication, and Engine Tune-up Services only, to the permitted uses of Tract A. Additional changes to the existing Development Standards for Tract A are limited to the addition of approved building materials (building will be constructed of all brick, with the exception of coors, bay doors and windows), and the orientation of service bay doors (bay doors may face north or south only).

If approved, the changes will allow for the construction of a retail tire sales and tire mounting establishment, including the specific uses from Use Unit 17 requested above. There are no requests to relax any of the bulk and area requirements of Development Area F.

Staff finds the current request to be reasonable in that there are no residentially zoned lots immediately adjacent to or in the immediate vicinity of this tract, and the existing permitted uses on the tract allow for light automobile service, but limits the number of bays to three. Given the tract distance from US Highway 75, it appears there would be no headlight spill-over impact on northbound vehicle traffic. There is a six-foot screening wall on the west development area boundary.

Based upon the proposed Development Concept and Standards, staff finds Z-7008-SP-2 to be: (1) in harmony with the existing and expected development of surrounding areas; (2) a unified treatment of the development possibilities of the site; and (3) consistent with the stated purposes and standards of the CO Chapter of the Zoning Code.

Therefore, staff recommends APPROVAL of Z-7008-SP-2 subject to the following conditions:

1. The applicant's Outline Development Plan and Text be made a condition of approval, unless modified herein.

2. Development Standards are as follows and are limited to Tract A only:

   **Development Area F**

   **Net Land Area:** 11.31 Acres  492,473 SF

   **Permitted Uses**: Uses permitted as a matter of right in Use Unit 10, Off-Street Parking; Use Unit 11, Offices and Studios, including drive-thru banking facilities; Use Unit 12, Entertainment and Eating Establishments other than Drive-ins; Use Unit 13, Convenience Goods and Services; Use Unit 14, Shopping Goods and Services; Use Unit 17, Tire Sales, Brake Repair/Replacement, Chassis Alignment, Shock Absorber Maintenance and Installation, Battery Sales, Oil Changes and
Lubrication, and Engine Tune-up Services only; Use Unit 17 19, Hotel/Motel and Recreational Facilities - hotel and motel only; stormwater drainage and detention facilities; and uses customarily accessory to permitted uses.

*Tract A only of Lot 11, Block 1 – Tulsa Hills includes the above permitted uses and Use Unit 17, Tire Sales, Brake Repair/Replacement, Chassis Alignment, Shock Absorber Maintenance and Installation, Battery Sales, Oil Changes and Lubrication, and Engine Tune-up Services only.

**Maximum Building Floor Area**
Tracts A, B, and C, Lot 11, Block 1 – Tulsa Hills (.28 FAR): 88,395 SF*

*Permitted floor area for Tracts A, B, and C are broken down as follows per Z-7008-SP-1g:

<table>

</tbody>
</table>

Architectural elements and business logos may exceed the maximum building height with detail site plan approval; however, roof signs shall be prohibited per Section 1221.C.10 of the Tulsa Zoning Code.

**Minimum Building Setbacks:**

- From the north right-of-way line of West 81st Street: 25 FT
- From the westerly right-of-way line of the corridor collector street: 20 FT
- From the U.S. Highway 75 right-of-way: 25 FT
- From the north boundary of Area F: 10 FT
- Internal side yards to be established by plat or detail site plan.

**Landscaped Area:**

A minimum of 10% of the net land area shall be improved as internal landscaped open space in accord with the provisions of the Landscape Chapter of the Tulsa Zoning Code.

**Signs:**

1) Ground signs shall be permitted within Area F as follows:
   (a) One center identification sign at the major entrance from West 81st Street. The center identification sign shall not exceed 25 feet in height and 250 square feet of display surface area.
(b) In lieu of wall signage, one ground sign for each lot fronting on West 81st Street, each sign not exceeding eight feet in height and 80 square feet of display surface area.

(c) One ground sign for each lot fronting on the corridor collector street. Each such sign shall not exceed six feet in height and 64 square feet of display surface area.

(d) Two center tenant directional signs along the frontage of the corridor collector street. Each such tenant identification sign shall not exceed eight feet in height and 80 square feet of display surface area.

2) Wall signs shall be permitted not to exceed two square feet of display surface area per lineal foot of building wall to which attached. The length of a wall sign shall not exceed 75% of the frontage of the building.

Service Bays:
The maximum number of service bays shall be 12. All service bay doors will be orientated to face to the north or the south. No service bay doors are permitted to face Olympia Avenue.

Lighting:
Light standards within Area F, whether building or pole mounted, shall not exceed 25 feet in height and shall be hooded and directed downward and away from the west boundary of Area F. The light fixtures shall be arranged so as to shield and direct the light away from surrounding residential areas and shielding of such light shall be designed so as to prevent the light producing element or reflector of the light fixture from being visible to persons within surrounding residential areas. Compliance with these standards and with the City of Tulsa Zoning Code must be qualified per application of the Kennebunkport Formula. Calculations must include consideration of topography.

Access:
In order that the traffic-carrying capacity of the transportation system may be maintained, the development's access shall be principally from the internal collector service street(s). In keeping, access shall be restricted to the collector with exception of one signalized access onto West 71st Street South east of the intersection of West 71st Street South and the collector. No direct access onto West 81st Street South shall be permitted. Provision of mutual access easements between lots with frontage on West 71st Street South and between lots with frontage on West 81st Street South is encouraged.

Traffic Calming:
Traffic calming shall be included in the design of the service drive and loading area running generally parallel and to the east of the collector and directly adjacent to the buildings. Such design shall not be limited to stop signs and traffic humps. Additional design elements such as small traffic circles, curb extensions, planters, perceptual design features and curves and/or shifts in alignment of the service drive should also be incorporated.
Transit:
One cut-out for a bus-bay and shelter per northbound and southbound lanes of the collector, located near the planned traffic light at the midpoint of the collector, is recommended. Additional bus stops identified through signage and shelters should also be provided near crosswalks along the collector.

Pedestrian Circulation:
A pedestrian circulation plan shall be required that includes the following:

(a) Sidewalks along both sides of the collector street;
(b) A minimum of three crosswalks on the collector street. Use of pedestrian islands is encouraged.
(c) Pedestrian walkways through parking lots; a minimum of three (3) feet in width, separated from vehicular travel lanes to the maximum extent possible and designec to provide safe access to non-street front building entrances and/or sidewalks and trails. The three (3) foot width shall not include any vehicle overhangs. Wheel stops shall be installed in parking spaces adjacent to all pedestrian walkways.
(d) Pedestrian walkways connecting transit stops to non-street front building entrances.
(e) Pedestrian walkways clearly distinguished from traffic circulation, particularly where vehicular and pedestrian routes intersect.
(f) Sidewalks or walkways which cross vehicular aisles or driveways distinguished as follows: by a continuous raised crossing, by using contrasting paving material and/or by using high contrast striping.

Landscape Buffer:
Landscaping and buffering of the west boundary within the 100' utility easement shall be in substantial conformance with Exhibit ‘A-1’. Tulsa Hills Concept Illustration Overall, and must be approved by the utility company or be provided outside the easement to the same effect. All required landscaping shall be installed and irrigated in accord with the provisions of the Landscape Chapter of the Tulsa Zoning Code.

Building Materials:
Although the style, color and materials of buildings may vary, an individual building adjacent to U.S. Highway 75, West 71st Street South and West 81st Street South shall have elevations which are consistent in style, color and material on all sides.

All brick construction on Tract A, excluding service door entries, doorways and glass fronts, will be approved as part of the detail site plan approval process.
Screening Walls and Retaining Walls:
The design of screening walls and retaining walls shall be approved by TMAPC at
detail site plan review. Screening walls must achieve effective screening of loading
areas, truck docks and car lights; must be of masonry, concrete, woodcrete or
similar material; provide effective noise attenuation; and may include landscaping.
Screening walls, a minimum of eight feet in height, shall be required on along the
south boundaries of Development Area B, Development Area C, and along the east
boundary of Development Area E and Development Area G.

3. No zoning clearance permit shall be issued for a lot within the Corridor Site Plan until a
detail site plan for the lot, which includes all buildings, parking, screening fences and
landscaping areas, has been submitted to the TMAPC and approved as being in
compliance with the approved Corridor Site Plan development standards.

4. A detail landscape plan for each lot shall be approved by the TMAPC prior to issuance of a
building permit. A landscape architect registered in the State of Oklahoma shall certify to
the zoning officer that all required landscaping and screening fences have been installed in
accordance with the approved landscape plan for the lot, prior to occupancy or at the
soonest appropriate planting time. The landscaping materials required under the approved
plan shall be maintained and replaced as needed, as a continuing condition of the granting
of an occupancy permit.

5. No sign permits shall be issued for erection of a sign on a lot within the Corridor Site Plan
until a detail sign plan for that lot has been submitted to the TMAPC and approved as being in
compliance with the approved Corridor Site Plan development standards.

6. Flashing signs, changeable copy signs, running light or twinkle signs, animated signs,
revolving or rotating signs or signs with movement shall be prohibited.

7. All trash, mechanical and equipment areas (excluding utility service transformers,
pedestals, or equipment provided by franchise utility providers), including building mounted,
shall be screened from public view in such a manner that the areas cannot be seen by
persons standing at ground level.

8. The Department of Public Works or a professional engineer registered in the State of
Oklahoma shall certify to the appropriate City official that all required Stormwater drainage
structures and detention areas serving a lot have been installed in accordance with the
approved plans prior to issuance of an occupancy permit on that lot.

9. No building permit shall be issued until the requirements of Section 1107F of the Zoning
Code have been satisfied and approved by the TMAPC and filed of record in the County
Clerk’s office, incorporating within the restrictive covenants the Corridor Site plan conditions
of approval and making the City beneficiary to said covenants that relate to the Corridor
Site Plan conditions.

10. Subject to conditions recommended by the Technical Advisory Committee which are
approved by TMAPC.
11. Approval of the Corridor Site Plan major amendment is not an endorsement of the conceptual layout. This will be done during detail site plan review or the subdivision platting process.

12. There shall be no outside storage of recyclable material, trash or similar material outside a screened receptacle, nor shall trucks or truck trailers be parked in the PUD except while they are actively being loaded or unloaded. Truck trailers and shipping containers shall not be used for storage in the PUD.

201 W. 5th Street
Tulsa, Oklahoma 74103-4212

Re: Proposed Corridor Site Plan (Z-7008-SP-2)

The Planning & Research Division of the Oklahoma Department of Transportation has reviewed the proposed corridor site plan for the Tire Store/Tune-up service/accessory located north of the northwest corner of South Olympia Avenue and West 81st Street in Tulsa, OK. Please be advised that any new or modified access to US HWY 75 will require the approval of the ODOT Division 8 Engineer. For information concerning access and permits, please have the applicant contact the following:

Mr. Randle White, P.E., Division Engineer
Oklahoma Department of Transportation
P.O Box 660
Tulsa, Oklahoma 74101
918-838-9933
918-832-9074 FAX

Please be advised that it is the local responsibility to prevent any land use development along highway corridors which would be incompatible with federal noise standards. Failure to properly control development excludes the use of federal transportation funds for noise abatement relief.

We appreciate the opportunity to review and comment on this proposed action.

Sincerely,

Jay B. Adams
Acting Planning & Research Division Manager

JAB:DCB
c: Randle White, Division Engineer, Division 8

"The mission of the Oklahoma Department of Transportation is to provide a safe, economical, and effective transportation network for the people, commerce and communities of Oklahoma."

AN EQUAL OPPORTUNITY EMPLOYER
TULSA METROPOLITAN AREA PLANNING COMMISSION
CASE REPORT

APPLICATION: PUD-755

TRS 7222
CZM 65

Atlas 0
County

TMAPC Hearing Date: May 7, 2008

Applicant: Siscomore Weiss & Associates/Darin Akerman

Tract Size: 7.86 ± acres

ADDRESS/GENERAL LOCATION: West of northwest corner of West 161st Street South and Highway 75 South

EXISTING ZONING: RE
EXISTING USE: Vacant

ZONING RESOLUTION: Resolution number 208463 dated November 7, 2007 established zoning for the subject property.

PROPOSED ZONING: RE/PUD
PROPOSED USE: Residential single-family

RELEVANT ZONING HISTORY:

CZ-389 November 2007: All concurred in approval of a request for rezoning a 33+ acre tract of land from AG to RE for future single family subdivision on property located west of northwest corner of West 161st Street South and Highway 75 South.

CZ-388 December 2007: Application was filed for land at the northeast corner of West 158th Street South and South 33rd West Avenue to request to rezone from AG to IL for a trucking company. It was continued multiple times until the application was withdrawn on December 5, 2007.

CZ-259/PUD-620 February 2000: All concurred in approval of a request for rezoning a 240+ acre tract of land from AG to RE/RS/CS/IL for mixed use development on property located on the southeast corner of West 151st Street South and South 33rd West Avenue and north and west of the subject property.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 7.86± acres in size and is located west of northwest corner of West 161st Street South and Highway 75 South. The property appears to be vacant and is zoned RE.

STREETS:

Exist. Access
161st Street South

MSHP Design
Primary Arterial

MSHP R/W
120'

Exist. # Lanes
2

UTILITIES: The subject tract has water and sewer available, and will also be provided by customary extension if it is not already provided. Storm water detention will be provided per Technical Advisory Committee (TAC) recommendation as stated below.
SURROUNDING AREA: The subject tract is abutted on the east by vacant land, zoned AG; on the north by vacant land, zoned IL; on the south by 161st Street and vacant land, zoned RS-3; and on the west by one, single-family dwelling, zoned RE.

RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The Glenpool Comprehensive Plan designates this area as being residential. The requested RE/PUD zoning is in accord with the Plan, however, special consideration must be given to the “development sensitive” area adjacent and to the west.

STAFF RECOMMENDATION:
The subject property is approximately 7.3 net acres in size, located on the north side of 161st Street South, approximately ¼ mile west of U.S. Highway 75 in the City of Glenpool, Tulsa County Oklahoma (see Exhibit A). The tract is outside the City of Glenpool Jurisdictional Limits. The subject tract and the 25 acres to the north and west of this property have recently been rezoned to RE to support this and future residential development.

Access to the site will be from 161st Street south via the proposed private drive. Phase II includes extending the private drive to access the 25-acre tract to the north-west. The site is generally flat with the highest elevation (750 ft) at the approximate southeast corner of the site and the lowest elevation (744 ft) at the approximate north-central portion of the site. The site is not within a FEMA Regulatory Floodplain. There are mature trees on the site, which should be retained where practical.

PUD-755 proposes to split the 7.3 acres into eight lots and two reserve areas for development as a single-family residential development. Reserve areas are to be dedicated to open space/landscaping, one private street, storm-water detention, and security gates.

Utilities are available at the development boundaries and will also be provided by customary extension. Storm water detention will be provided per attached Exhibit C and Technical Advisory Committee (TAC) recommendation.

The applicant’s concept plans are shown on attached Exhibits B and C. The PUD comprised of eight (8) lots and one (1) block will be platted as a single subdivision.

Staff finds the uses and intensities of development proposed to be in harmony with the spirit and intent of the Code. Staff finds PUD-755 to be: (1) consistent with the Glenpool Comprehensive Plan; (2) in harmony with the existing and expected development of surrounding areas; (3) a unified treatment of the development possibilities of the site; and (4) consistent with the stated purposes and standards of the PUD Chapter of the Zoning Code.

Therefore, staff recommends APPROVAL of PUD-755 subject to the following conditions:

1. The applicant’s Outline Development Plan and Text be made a condition of approval, unless modified herein.

2. Development Standards:

Land area: 342,381 SF gross/7.86 gross acres
            317,988 SF net/7.3 net acres
Permitted Uses:

Those uses considered as a matter of right in the R district and uses considered customarily incidental to those principal uses.

Permitted Uses Reserve Area A:

Private street, open space, recreation, landscaping and entry features including gates and related security features.

Permitted Uses Reserve Area B:

Open space, recreation, landscaping, and storm water detention

Maximum Dwelling Units:
13

Proposed Dwelling Units:
8

Minimum Lot Area:
22,500 square feet

Minimum Land Area/DU:
26,250 square feet

Average Lot Width*:
90'

Maximum Building Height:
35'

Required Setbacks:
- From Private street ROW
- From 161st Street ROW
- Interior side yards
- Rear yard
  
  35* 
  17.5' **
  15'
  25'

*Proposed Lot 4 shall not have its front yard along west lot line. Setbacks along west lot line of Lot 4 shall be 15' for the principal dwelling, and 20' for any garage which provides direct access the northwesterly private street ROW.

**There shall be no direct access to 161st Street South from Lots 1 and 8.

Livability Space per lot: 12,000 SF

Off-Street Parking: 2-unenclosed spaces

Signs:
One identification sign may be erected at the entrance of the development not to exceed 100 sf of display surface area and eight feet in total height. Should wall signs be proposed, the permitted 100 sf of display area may be divided between two signs, each placed on opposite sides of the entrance.
Access and Circulation:
Vehicular access is derived by a gated private street extending from 161st Street. Sidewalks will be provided along both sides of the private collector and along the north side of 161st Street in accordance with the Subdivision Regulations.

Other Bulk and Area Requirements: As provided within an RE District

Site Plan Review:
The approved final plat shall constitute the required site plan of the planned unit development, provided however, a detailed site plan of the proposed gating of the private street shall be submitted to and approved by the Tulsa Metropolitan Area Planning Commission prior to the installation of the gating and any related entry features including landscaping.

3. No building permit shall be issued until the platting requirements of Section 1107F of the Zoning Code have been satisfied and approved by the TMAPC and filed of record in the County Clerk's office, incorporating within the restrictive covenants the PUD conditions of approval and making the City beneficiary to said covenants that relate to PUD conditions. Special consideration must be given to the 50' pipeline easement during the platting process. No structure will be permitted to be constructed over the pipeline easement.

4. The Department of Public Works or a professional engineer registered in the State of Oklahoma shall certify to the appropriate City official that all required stormwater drainage structures and detention areas serving a lot have been installed in accordance with the approved plans prior to issuance of an occupancy permit on that lot.

5. A homeowners association shall be created and vested with sufficient authority and financial resources to properly maintain all private streets, sidewalks and common areas, including any stormwater detention areas, security gates, guard houses or other commonly owned structures within the PUD.

6. All private roadways shall have a minimum right-of-way of 30' and be a minimum of 26' in width for two-way roads and 18' for one-way loop roads, measured face-to-face of curb. All curbs, gutters, base and paving materials used shall be of a quality and thickness which meets the City of Tulsa standards for a minor residential public street. The maximum vertical grade of private streets shall be ten percent.

7. The City shall inspect all private streets and certify that they meet City standards prior to any building permits being issued on lots accessed by those streets. The developer shall pay all inspection fees required by the City.

8. Subject to conditions recommended by the Technical Advisory Committee during the subdivision platting process which are approved by TMAPC.

9. Signs must receive detail sign plan review and approval from TMAPC prior to issuance of a sign permit.

9. Entry gates and guardhouses, if proposed, must receive detail site plan approval from TMAPC, Traffic Engineering and Tulsa Fire Department, prior to issuance of a building permit for the gates or guardhouses.
10. Approval of the PUD is not an endorsement of the conceptual layout. This will be done the subdivision platting process.

**TAC Comments:**
*General:* No comments.

*Water:* Service area of Creek RWD#2.

*Fire:* Out of City of Tulsa. Get with responding fire department for comments. Recommend the following corrections: Provide hydrant coverage.

*Stormwater:* No comments.

*Wastewater:* Out of Service Area, no comments.

*Transportation:* No comments.

*Traffic:* No comments.

**NCOG Transportation:**
- **MSHP:** W. 161st Street S., between S. 33rd W. Ave, designated secondary arterial
- **LRTP:** W. 161st Street S., between S. 33rd W. Av. And SH-75, existing 2 lanes. SH-75, between W. 151st Street S. and W. 161st St. S. existing 4 lanes. Sidewalks should be constructed if non-existing or maintained if existing, per Subdivision Regulations.
- **TMP:** No Comment
- **Transit:** No comments.

**GIS:** No comments.

**Street Addressing:** No comments.

**County Engineer:** Street name and addresses to be assigned by E-911. Substantial drainage way runs along the west side of street, so driveway culverts will need to be sized and listed on face of plat. Reduce the width of the access opening to the width of the actual paving, not R/W. No entry island extending into the future widened roadway.
