STAFF RECOMMENDATION

PUD-190-G: Detail Site Plan – Southwest corner 71st Street South and Sheridan Road; Lot 1, Block 1 – Summit Square; TRS 3310; CZM 53; Atlas 1133; PD 18 CD 7; RS-3/RM-1/CS/PUD.

The applicant is requesting approval of a detail site plan for construction of a 120’ monopole cell tower and associated mechanical equipment, screening and landscaping as required per the approval of PUD major amendment PUD-190-G.

The submitted site plan meets all applicable height and setback limitations. An eight-foot screening fence will be constructed and the tower facility will be landscaped with a continuously maintained buffer of plant materials that effectively screens the view of the tower compound from property within 300 feet used for residential purposes. The buffer shall consist of a landscape strip at least four (4) feet wide outside the perimeter of the compound. The structure will be designed for construction as a monopole to look similar to parking lot lighting, with a camouflaging architectural treatment such as paint to match parking lot light poles.

Staff recommends APPROVAL of the detail site plan for the monopole cell tower within PUD-190-G.

TMAPC Hearing Date: September 24, 2008
(Continued from August 20, 2008)
Tract Size: 1.84+ acres/80,150+ SF

ADDRESS/GENERAL LOCATION: Southeast corner of East 41st Street South and South Harvard Avenue

EXISTING ZONING: CS/RM-2/OL/RS-1
EXISTING USE: Vacant

ZONING ORDINANCE: Ordinance number 11823 dated June 26, 1970, established zoning for the subject property.

PROPOSED ZONING: CS
PROPOSED USE: Neighborhood shopping center

RELEVANT ZONING HISTORY:

Z-6906 December 2003: A request for rezoning a 1.49+ acre tract of land from RM-2 to CS/PUD to permit a Wal-Mart Neighborhood Market was recommended for approval by Staff based on the existing adjacent uses and trends in the area, provided that the TMAPC recommends approval of the accompanying PUD on property located on the southeast corner of East 41st Street South and South Harvard Avenue and the subject property. The TMAPC recommended for approval of the CS zoning and the City Council denied the application.

PUD-690 December 2003: A proposed Planned Unit Development on a 5.67+ acre tract of land (related to rezoning case Z-6906) to permit a Wal-Mart Neighborhood Market was recommended for approval by Staff and TMAPC per Staff recommendation with modifications; on property located on the southeast corner of East 41st Street South and South Harvard Avenue and the subject property. The City Council denied the application.

PUD-592-C June 2003: All concurred in approval of a request for a Major Amendment on a 3.08+ acre tract of land to remove some existing structures within Development area C and to amend some permitted uses in Development area B on property located north and east of the northeast corner of East 41st Street South and South Harvard Avenue and north of subject property.

BOA-20338 September 26, 2006: The Board of Adjustment approved a Special Exception to permit a beauty shop (Use Unit 13) in an OL district with condition to limit to one salon per this development, with no time limitation on property located on south of the southwest corner of East 41st Street South and South Harvard Avenue.

BOA-20249 April 25, 2006: The Board of Adjustment approved a Special Exception to permit Christmas tree sales in CS, RM-2, RS-1 and OL districts; a Special Exception to permit alternative parking materials; a Variance of the 100 foot setback from the centerline of 41st Street for temporary buildings and outdoor sales; a Variance of the setback from an R district;
and a Variance to allow building across lot line, finding by reason of extraordinary exceptional conditions or circumstances, subject to previous conditions as listed in the staff comments (1-10); in accordance with the site plan on file; and with permanent approval, on property located on the southeast corner of East 41st Street South and South Harvard Avenue and the subject property. This request has been made multiple times for this particular property.

Z-6818 June 2001: All concurred in approval of a request for rezoning a 1.34+ acre tract of land from RS-3 to OL within PUD-592 to permit funeral home with office use on property located north and east of the northeast corner of East 41st Street South and South Harvard Avenue and north of subject property.

PUD-592-B June 2001: All concurred in approval of a request for a Major Amendment to PUD to permit a funeral home use (related to rezoning request Z-6818 for OL zoning, which was approved) on property located north and east of the northeast corner of East 41st Street South and South Harvard Avenue and north of subject property.

Z-6804/PUD-592-A March 2001: A request to rezone a 2.09-acre RS-3 portion of the PUD to OM and a proposed Major Amendment to the PUD to add funeral home use. Staff recommended approval subject to modifications of the proposed standards. TMAPC deferred the request. The applicant withdrew the application prior to consideration by the City Council; on property located north and east of the northeast corner of East 41st Street South and South Harvard Avenue and north of subject property.

PUD-642 February 2001: All concurred in approval of a proposed Planned Unit Development on a 1.89+ acre tract of land for office development on property located south of the southeast corner East 41st Street South and South Harvard Avenue and abutting south of subject property.

PUD-592 August 1998: All concurred in approval of a proposed Planned Unit Development to allow two existing developments to share parking through a cross-parking easement, subject to modifications and conditions. One parcel contained a church, day nursery, parsonage and residence; the other parcel contained a movie, video and stage production company; on property located north and east of the northeast corner of East 41st Street South and South Harvard Avenue and north of subject property.

AREA DESCRIPTION:

SITE ANALYSIS: The subject property is approximately 1.84+ acres in size and is located southeast corner of East 41st Street South and South Harvard Avenue. The property appears to be vacant and is zoned RM-2/OL.

UTILITIES: The subject tract has municipal water and sewer available.

SURROUNDING AREA: The subject tract is abutted on the east by a single-family residential use, zoned RS-1; on the north by commercial/office uses, zoned CS and RS-3; on the south by vacant land/office uses, zoned OL; and on the west by commercial uses, zoned CS.
RELATIONSHIP TO THE COMPREHENSIVE PLAN:
The District 6 Plan, a part of the adopted Comprehensive Plan for the Tulsa Metropolitan Area, designates this area as being Medium Intensity-Residential land use. According to the Zoning Matrix, the requested CS zoning is not in accord with the Plan.

STAFF RECOMMENDATION:
This property was the subject of an earlier rezoning application several years ago, which also requested a commercial use and which was denied. Staff could and did support that application. Staff could also support this application, subject to the accompanying PUD or some variation thereof and subject to the southern OL-zoned portion (approximately 50' by 300') remaining in OL zoning but still remaining in the PUD. This allows the commercial portion to more generally line up with the existing CS zoning across Harvard. Therefore, staff recommends APPROVAL of CS zoning for a portion of the subject property, as noted above, and further if accompanied by an appropriate PUD.

RE; Case # Z-7106 Rezoning at So Harvard and E.41st Street

TO: MEMBERS OF THE METROPOLITAN AREA PLANNING COMMISSION

Due to the fact that there are already FOUR Shopping Centers within one mile of this location, I am very much opposed to creating another. I think it would put hardship on existing businesses and simply is not needed. The area is already saturated with shopping centers. We have sufficient, even an abundance of shops of all kinds, to service the area and those who come from other areas to shop. Anymore would be over-kill and would cause some existing businesses to be forced out of business. Another Shopping Center would be counter productive.

I urge you as thinking, concerned people entrusted with important decisions regarding zoning to act in the interest of established businesses and the needs of the residents of Tulsa and the area being considered.

Sincerely.

Serena Cline, Resident at 41st and S. Harvard

**UTILITIES:** The subject tract has municipal water and sewer available.

**SURROUNDING AREA:** The subject tract is abutted on the east by Villa Grove Heights No. 1, zoned RS-1; on the north by 41st Street and then “41st Place”, zoned OL/CH/RS-3/PUD-592-C; on the south by Peachtree Square Replat L5-6, Block 1 Villa Grove Heights No. 1, zoned OL/PUD-642; and on the west by Harvard Avenue and then Charles Teel Addition and Quadrangle Addition, zoned CS and OL respectively.
RELATIONSHIP TO THE COMPREHENSIVE PLAN:
This property was the subject of an earlier rezoning application several years ago, which also
requested a commercial use and which was denied. Staff could and did support that
application. Staff could also support this application, subject to the accompanying PUD or
some variation thereof and subject to the southern OL-zoned portion (approximately 50' by
300') remaining in OL zoning but still remaining in the PUD. This allows the commercial
portion to more generally line up with the existing CS zoning across Harvard. In case Z-7106,
also appearing on the E/20/08 agenda, staff has recommended “approval of CS zoning for a
portion of the subject property, as noted above, and further if accompanied by an appropriate
PUD”.

STAFF RECOMMENDATION:
PUD-761 is a 360,000 square foot (sf) (8.26 acre) mixed-use development proposed for the
southeast corner of Harvard Avenue and 41st Street South. The development would be re-
platted as a four (4) lot one (1) block subdivision. The applicant’s proposal includes
commercial development for small businesses, restaurants, offices and retail shops.

There was a proposal in September 2003 which was narrowly recommended for approva by
the TMAPC and unanimously denied by the Tulsa City Council in December 2003. This
proposal was for a 41,000 sf WalMart Neighborhood Market with an accessory 300-foot
gasoline kiosk and fueling facilities located on the immediate corner, or the “hard corner”. The
market itself was to be located (approximately) in the southeast corner of the parcel (see
Exhibit A-1).

As a result of the contentiousness with which that application was met, this application has
introduced several design elements in an attempt to alleviate impacts to the surrounding
neighborhoods. First, the applicant is proposing four small scale buildings the largest of which
would be limited to 22,500, with a total maximum floor area requested of 60,000 square feet of
commercial floor area. This should eliminate any interest from “big box” development.
Permissible floor area will be discussed below.

The most intensive use of the lot would be a drug store proposed for the single lot located on
the immediate corner for Harvard and 41st. The applicant also proposes to eliminate certain
permissible uses such as gasoline service stations, thereby eliminating gas/convenience
stores. There is also a limitation on hours of operation, excepting the drug store on the corner
lot, further restricting the number of potential owners and tenants within Harvard Square and
attempting to form a compatible relationship with nearby neighborhoods.

The applicant is also proposing to restrict maximum building heights within the development
area contrary to commercial zoning which has no height limitations. Within one hundred feet
of the east boundary the applicant is proposing that a building may not exceed 17 feet in
height. Within the remainder of Harvard Square a 23 feet height restriction would apply.

Another design element the applicant is proposing is a mandatory “prairie style” architectural
theme known for its low lying roofs, broad eaves, and a focus on horizontal elements of the
design as shown on applicant’s Exhibit C – Architectural Theme. Design guidelines will limit
permissible construction materials to include brick, cast and natural stone, stucco and
horizontal bands of glass. These materials will be required on all sides of the various buildings
in accord with Exhibit C. Also included are unoccupied tower elements at entries and corners
of buildings and stainless steel track mounts for wall signage. The applicant’s concept plan for
Harvard Square is shown on Exhibit A. Exhibits B and B-1 are aerial photographs indicating
area land uses and the Harvard Square site.
Refer to Exhibit A-2 - the applicant's proposed zoning of the parcel, and Exhibit A-3 - the existing zoning. Staff supports the rezone of the existing medium intensity residential area (the RM-2 area on A-2) to the requested low intensity commercial (CS) zoning. However, the 50' by 400' (including the ROW) section of existing OL zoning requested for CS zoning on A-2, is identified by the District 6 Comprehensive Plan as a Lineal Development Area limited to lower-intensity office uses (see Exhibit A-4). Staff can not support the requested rezone of the OL portion of the proposed development area. This directly affects the allowable commercial floor area within the development area.

Consequently, without the rezone of the small OL portion of the site, the permissible commercial floor area as allowed by the underlying zoning district is 52,500 sf. Additionally, the underlying OL zoning will also permit 30,000 square feet of office floor area (for a total of 82,500 sf total), as well as, nine (9) single family dwellings. The applicant is limiting the total permissible floor area to 60,000 and using the PUD over-lay to further place limitations on development of the PUD.

In addition to the use restrictions, building height limitations, hours of operation limits and architectural design requirements, the applicant is proposing extensive landscaping and screening along the east and south PUD boundary lines. An 8-foot solid screening masonry type wall (as depicted in applicant's Exhibit D-1) will be constructed along the entirety of the east boundary and along the first 50-feet of the south boundary. A 35-foot landscape buffer with very specific planting requirements will be required in accordance with the attached Exhibit D-2. Exhibit D-2 is not a conceptual plan and would be used in Detail Site Plan review.

With the denial of rezone of the small OL portion of the site combined with the PUD over-lay and the development restrictions outlined in the standards below, staff finds the proposed uses and intensities of development to be in harmony with the spirit and intent of the Code. Staff finds PUD-761 to be: (1) consistent with the Comprehensive Plan; (2) in harmony with the existing and expected development of surrounding areas; (3) a unified treatment of the development possibilities of the site; and (4) consistent with the stated purposes and standards of the PUD Chapter of the Zoning Code:

Therefore, staff recommends APPROVAL of PUD-761 subject to the following conditions:

1. The applicant's Outline Development Plan and Text be made a condition of approval, unless modified herein.

2. Development Standards:
