The Mission of the Tulsa Metropolitan Area Planning Commission (TMAPC) is to provide unbiased
advice to the City Council and the County Commissioners on development and zoning matters, to provide
a public forum that fosters public participation and transparency in land development and planning, to
adopt and maintain a comprehensive plan for the metropolitan area, and to provide other planning, zoning
and land division services that promote the harmonious development of the Tulsa Metropolitan Area and
enhance and preserve the quality of life for the region’s current and future residents.

CBOA - 2365 – (0919) Plat Waiver for Cell Tower
North of West 41st Street, East of South 265th West Avenue

The platting requirement is being triggered by CBOA 2365 (County Board of Adjustment case) which proposes a cell tower in an AG zoning district.

It is the policy of TVAPC to waive the platting requirement for the cell tower use (Use Unit 4 public protection and utility facilities/antennas and supporting structures). Therefore, staff can recommend Approval of the requested plat waiver pending Board of Adjustment approval.

Final Subdivision Plat

7000 Riverside - (8201) (PD 18) (CD 2)
Northeast corner of Riverside Drive and Peoria Avenue

This plat consists of 7 Lots, in 1 Block, on 8.7 acres.

Staff recommends APPROVAL of the Final Plat. All release letters have been received.
MINOR SUBDIVISION PLAT

River Oaks Park - (8307) (PD 18 A) (CD 2)
East of South Riverside Drive at Northeast corner of South Quincy and East 75th Place South

This plat consists of 1 Lot, 1 Block, on 1.75 acres.

The following issues were discussed January 7, 2010 and February 4, 2010 at the Technical Advisory Committee (TAC) meeting:

1. **Zoning:** The property is zoned OM (office medium). There was a lot split and combination done on the underlying plat previously.

2. **Streets:** It appears that the private drive is an access for the area to the north. It should be identified as a mutual access easement. Remove reference to Limits of Access on East 75th Place. Limits are identified only on arterials/parkways etc. Include standard sidewalk language. Include Mutual Access Easement language, if possible. Private drive cannot be 66 feet wide. Maximum allowed is 36 feet.

3. **Sewer:** Section 1F still has language that is unacceptable. The City of Tulsa is Not responsible for the repair and replacement of any landscaping and paving within the utility easement.

4. **Water:** No comment.

5. **Storm Drainage:** No comment.

6. **Utilities:** Telephone, Electric, Gas, Cable, Pipeline, Others: No comment.

7. **Other:** Fire: No comment. **GIS:** Update the date of preparation on the plat. Fix the inconsistencies between the metes and bounds legal description and what is shown on the face of the plat.

9.3
Staff recommends APPROVAL of the Minor Subdivision plat subject to the TAC comments and the special and standard conditions below. Since the TAC meeting was held, the appropriate changes have been made and release letters have been received.

Waivers of Subdivision Regulations:

1. None requested.

Special Conditions:

1. The concerns of the public works department staff must be taken care of to their satisfaction.

Standard Conditions:

1. Utility easements shall meet the approval of the utilities. Coordinate with Subsurface Committee if underground plant is planned. Show additional easements as required. Existing easements shall be tied to or related to property line and/or lot lines.

2. Water and sanitary sewer plans shall be approved by the Public Works Department prior to release of final plat. (Include language for W/S facilities in covenants.)

3. Pavement or landscape repair within restricted water line, sewer line, or utility easements as a result of water or sewer line or other utility repairs due to breaks and failures shall be borne by the owner(s) of the lot(s).

4. Any request for creation of a Sewer Improvement District shall be submitted to the Public Works Department Engineer prior to release of final plat.

5. Paving and/or drainage plans (as required) shall be approved by the Public Works Department.

6. Any request for a Privately Financed Public Improvement (PFPI) shall be submitted to the Public Works Department.

7. A topography map shall be submitted for review by TAC (Subdivision Regulations). (Submit with drainage plans as directed.)

8. Street names shall be approved by the Public Works Department and shown on plat.

9. All curve data, including corner radii, shall be shown on final plat as applicable.

10. Bearings, or true N/S, etc., shall be shown on perimeter of land being platted or other bearings as directed by the County Engineer.

11. All adjacent streets, intersections and/or widths thereof shall be shown on plat.
12. It is recommended that the developer coordinate with the Public Works Department during the early stages of street construction concerning the ordering, purchase and installation of street marker signs. (Advisory, not a condition for plat release.)

13. It is recommended that the applicant and/or his engineer or developer coordinate with the Tulsa City/County Health Department for solid waste disposal, particularly during the construction phase and/or clearing of the project. Burning of solid waste is prohibited.

14. The method of sewage disposal and plans therefor shall be approved by the City/County Health Department. [Percolation tests (if applicable) are required prior to preliminary approval of plat.]

15. The owner(s) shall provide the following information on sewage disposal system if it is to be privately operated on each lot: type, size and general location. (This information to be included in restrictive covenants on plat.)

16. The method of water supply and plans therefor shall be approved by the City/County Health Department.

17. All lots, streets, building lines, easements, etc., shall be completely dimensioned.

18. The key or location map shall be complete.

19. A Corporation Commission letter, Certificate of Non-Development, or other records as may be on file, shall be provided concerning any oil and/or gas wells before plat is released. (A building line shall be shown on plat on any wells not officially plugged. If plugged, provide plugging records.)

20. A "Letter of Assurance" regarding installation of improvements shall be provided prior to release of final plat. (Including documents required under 3.6.5 Subdivision Regulations.)

21. Applicant is advised of his responsibility to contact the U.S. Army Corps of Engineers regarding Section 404 of the Clean Waters Act.

22. All other Subdivision Regulations shall be met prior to release of final plat.

23. All PUD standards and conditions shall be included in the covenants of the plat and adequate mechanisms established to assure initial and continued compliance with the standards and conditions.

24. Private streets shall be built to City or County standards (depending upon the jurisdiction in which the plat is located) and inspected and accepted by same prior to issuance of any building permits in the subdivision.
MINOR SUBDIVISION PLAT

Groggs Landing -(9431) (PD 18C) (CD 6)
Northeast corner of East 61st Street South and South 100 East Avenue

This plat consists of 1 Lot, 1 Block, on .96 acres.

The following issues were discussed April 1, 2010, at the Technical Advisory Committee (TAC) meetings:

1. **Zoning:** The property is zoned IL (industrial light).

2. **Streets:** Access from East 61st Street cannot exceed 36 feet. Show sidewalk and access ramp along 61st Street.

3. **Sewer:** Your proposed lamphole must extend 10 feet past the property line so the service line connection can be made on your property, not under the street.

4. **Water:** Fire hydrant coverage of the proposed building will require approval. A section of the existing 6 inch water main line along 100th East Avenue under the north entrance pavement may need to be replaced with ductile iron pipe through an IDP (Infrastructure Development Plan) process.

5. **Storm Drainage:** Separate instrument easement may be required for conveying storm water to the northeast.

6. **Utilities:** Telephone, Electric, Gas, Cable, Pipeline, Others: No comment.

7. **Other:** Fire: Provide fire hydrant in the front of the property along the existing water main. GIS: No comment. Site area table does not agree with area shown on the face of plat.

Staff recommends APPROVAL of the Minor Subdivision plat subject to the TAC comments and the special and standard conditions below. Release letters have been received.

24. Private streets shall be built to City or County standards (depending upon the jurisdiction in which the plat is located) and inspected and accepted by same prior to issuance of any building permits in the subdivision.
PLAT WAIVER

April 21, 2010

BOA – 21043 – 2002 East 6th Street, South of East 6th Street, East of South Xanthus Avenue (9306) (PD 4) (CD 4)

The platting requirement is being triggered by Board of Adjustment case 21043 to allow a single family or duplex dwelling in a CS (commercial shopping) zoning district.

Staff provides the following information from TAC at their April 1, 2010 meeting:

ZONING:
- TMAPC Staff: The property has been previously platted and a lot combination request has been received.

STREETS:
- No comment.

SEWER:
- No comment.

WATER:
- No comment.

STORM DRAIN:
- No comment.

FIRE:
- No comment.

UTILITIES:
- No comment.

Staff recommends APPROVAL of the plat waiver on the previously platted property.

A YES answer to the following 3 questions would generally be FAVORABLE to a plat waiver:

1. Has Property previously been platted? [X]
2. Are there restrictive covenants contained in a previously filed plat? [X]
3. Is property adequately described by surrounding platted properties or street right-of-way? [X]
A YES answer to the remaining questions would generally NOT be favorable to a plat waiver:

STAFF RECOMMENDATION

PUD-370-B-3: Minor Amendment – Southeast corner of 106th Street South and South Memorial Drive; Lots 21 and 22, Block 1 – Avalon Park on Memorial; TRS 8326; CZM 57; Atlas 2673; PD 26; CD 8; CS/OL/RM-1/RS-2/PUD.

The applicant is requesting a minor amendment to permit an LED/electronic message center to be added to a tenant ID sign along Memorial Drive.

PUD-370-B currently allow signs per the PUD chapter of the Code (§1103, B-2a and b) which allows LED/electronic message centers. However, adopted PUD development standards for PUD-370-B have a limitation excluding, “flashing signs, changeable copy signs, running light or twinkle signs, animated signs, revolving or rotating signs or signs with movement”. With reference to the attached zoning maps and aerial photographs there are no residentially zoned properties in the immediate vicinity of the subject property. Review of the minutes from when the PUD was approved there was no discussion about the permitted signage or limiting message centers, bet it electronic or otherwise.

Staff contends that allowing an LED message center as permitted by right in the PUD chapter of the Code along a major arterial street will not substantially alter the size, location, number and character of the signs allowed within the PUD.

Therefore, staff recommends APPROVAL of minor amendment PUD-370-B-3.

Note: Approval of a minor amendment does not constitute detail site, landscape or sign plan approval.

In December 2004, as part of the approval of Major Amendment PUD-370-B, the TMAPC modified the screening requirement to read:

An eight-foot high screening wall or fence shall be erected and maintained along the west, and a six-foot high or higher screening wall or fence shall be erected and maintained along the south and north boundaries of the PUD that abut a residential district or development. This requirement may be waived by the TMAPC if the abutting R district is developed or used for office or commercial use in an adjacent PUD.

In July 2005 as part of the approval of the detail site plan for a crash gate and infrastructure development only, the TMAPC took the following action:

**TMAPC Action; 8 members present:**
On **MOTION** of CARNES, TMAPC voted 8-0-0 (Ard, Bayles, Bernard, Cantees, Carnes, Harmon, Hill, Horner "aye"; no "nays"; none "abstaining"; Dick, Jackson, Midget "absent") to **APPROVE** the detail site plan for PUD-370-B, subject to TMAPC approval of **waiving screening requirements on the north and south boundaries of the PUD**; (2) filing of an access easement joining 106th Street South (in Bridle Trails) to the emergency access/crash gate; (3) approval of Traffic Engineering and the Fire Marshall of the proposed emergency access and crash gate design; (4) provision of sidewalks on both sides of South 106th Street with the understanding that installation of the sidewalks will be the responsibility of individual lot owners per staff recommendation.

Subject: Urban Renewal Plan Updates Extensions

Date: April 8, 2010

Wayne, as a follow up to our earlier conversation regarding extension of the Urban Renewal Plan Updates, I have attached copies of the each Urban Renewal Plan scheduled to expire in 2010 and a copy of the Resolution adopted by the Tulsa Development Authority’s approving their extension. During our discussion with the City Council, it was agreed to include the Kendall-Whittier Urban Renewal Plan Update as part of the requested extension since it was due to expire in December 2010. It is our request that these Plans be scheduled before TMAPC as early as possible in order to get them before the City Council for approval. There have been no changes in these Plans since their last noted amendments.

I hope this is helpful, and if you have any further questions please let me know.

Thanks
