TULSA METROPOLITAN AREA PLANNING
COMMISSION
Meeting No. 2686
November 19, 2014, 1:30 PM
175 East 2nd Street, 2nd Level, One Technology Center
Tulsa City Council Chamber

CONSIDER, DISCUSS AND/OR TAKE ACTION ON:

Call to Order:

REPORTS:

Chairman's Report:

Work Session Report:

Director's Report:
Review of the TMAPC Receipts for the month of October 2014

1. Minutes of November 5, 2014, Meeting No. 2685

CONSENT AGENDA:

All matters under "Consent" are considered by the Planning Commission to be routine and will be enacted by one motion. Any Planning Commission member may, however, remove an item by request.

2. LS-20739 (Lot-Split) (County) – Location: Northwest corner of East 131st Street North and North 91st East Avenue

3. LC-623 (Lot-Combination) (CD-1) – Location: West of the northwest corner of West Pine Place and North Union Avenue

4. LC-624 (Lot-Combination) (CD-4) – Location: Southeast corner of East Cameron Street and North Main Street

5. LS-20740 (Lot-Split) (CD-5) – Location: East of the northeast corner of East 33rd Street South and South Yale Avenue

6. LS-20741 (Lot-Split) (CD-3) – Location: West and south of the southwest corner of East Apache Street and North Harvard Avenue (Related to LC-626)

7. LC-626 (Lot-Combination) (CD-3) – Location: West of the southwest corner of East Apache Street and North Harvard Avenue (Related to LS-20741)
8. **Partial Vacation of Plat** – SEG Real Estate Corp Campus, Location: North of northeast corner of East 91st Street and South Yale Avenue, (CD-8)

9. **Change of Access** – Location: 1445 East Marshall Street, Lot 4, Block 1, Airport Industrial Center Amended, (CD-3)

10. **PUD-757-3 – Wallace Engineering/Jim Beach**, Location: West of the southwest corner of East 15th Street and South Norfolk Avenue, requesting a PUD Minor Amendment to reduce the setback of the west boundary from 20 feet to 11 feet, **RT/PUD-757**, (CD-4)

**CONSIDERATION OF ITEMS REMOVED FROM THE CONSENT AGENDA:**

**PUBLIC HEARINGS:**

11. **PUD-659-5 – Jeffrey D. Lower**, Location: West of the southwest corner of East 31st Street and South Utica Avenue, requesting a PUD Minor Amendment, (CD-9) (Staff is requesting a continuance to December 3, 2014 due to inadequate information.)

12. **LS-20738** (Lot-Split) (County) – Location: Northeast corner of East 41st Street South and South 61st West Avenue

13. **Sheridan Crossing Phase II** – Preliminary Plat, Location: North side of East 86th Street North between North Sheridan Road and North Memorial Drive, (County)

14. **Sunset Hills II** – Preliminary Plat, Location: East of the southwest corner of East 41st Street and South 161st East Avenue, (CD-6)

15. **CZ-436 – Carson Law Firm PLLC/Barbara Carson**, Location: North of northwest corner of North Yale Avenue (Whirlpool Drive) and East 126th Street North, requesting a rezoning from **AG to CG**, (County) (Continued from 10/15/14) (Related to PUD-821)

16. **PUD-821 - Carson Law Firm PLLC/Barbara Carson**, Location: North of northwest corner of North Yale Avenue (Whirlpool Drive) and East 126th Street North, requesting a PUD for construction of mini-storage using storage containers, **AG to CG/PUD**, (County) (Continued from 10/15/14) (Related to CZ-436)

**OTHER BUSINESS**

17. **Commissioners' Comments**

**ADJOURN**

CD = Council District
NOTE: If you require special accommodation pursuant to the Americans with Disabilities Act, please notify INCOG (918) 584-7526. Exhibits, Petitions, Pictures, etc., presented to the Planning Commission may be received and deposited in case files to be maintained at Land Development Services, INCOG. Ringing/sound on all cell phones and pagers must be turned off during the Planning Commission.

Re: Partial Vacation of Plat (SEG Campus)

Dear Diane:

Attached hereto is a proposed “Partial Vacation of Plat and Termination of Deed of Dedication, Geophysical Resource Center, Plat No. 4384.” The subject property has been replatted as SEG Real Estate Corp Campus. I have discussed this document with Janine Van Valkenburgh with the City Attorney’s office and she has approved it as to form and content. It is my understanding that there are no objections to the partial vacation of the subject plat as requested. Please submit the document for review and approval by the Tulsa Metropolitan Area Planning Commission at its November 19, 2014 meeting.

Thank you for your assistance with this matter; it is greatly appreciated. Please let me know if you need any additional information or assistance with this matter.

Sincerely,

Matthew L. Christensen
DOERNER, SAUNDERS, DANIEL & ANDERSON, LLP.

PARTIAL VACATION OF PLAT AND TERMINATION OF DEED OF DEDICATION,
GEOPHYSICAL RESOURCE CENTER, PLAT NO. 4384

THIS PARTIAL VACATION OF PLAT AND TERMINATION OF DEED OF DEDICATION, GEOPHYSICAL RESOURCE CENTER PLAT NO. 4384 (the “Instrument”) is made this 11th day of October, 2014 by SEG Real Estate Corp., an Oklahoma not-for-profit corporation, in accordance with Okla. Stat. tit. 11, § 42-106.

WHEREAS, SEG Real Estate Corp. (the “Owner”) is the owner of certain real property located in the City of Tulsa, Tulsa County, State of Oklahoma as more particularly described on Exhibit A attached hereto and made a part hereof (the “Property”) by virtue of that certain Special Warranty Deed dated September 28, 2012 and filed in the land records of the Tulsa County Clerk as Document Number 2012095579; and

WHEREAS, the Plat of Geophysical Resource Center, a subdivision in the City of Tulsa, Tulsa County, Oklahoma (“Plat No. 4384”) and accompanying Deed of Dedication (the “Deed of Dedication”) was recorded in the land records of the Tulsa County Clerk on August 25, 1983; and;

WHEREAS, the Owner owns all of the lots in Plat No. 4384; and

WHEREAS, the Owner desires to vacate Plat No. 4384 in all respects except as to the dedication of right of way for South Yale Avenue as shown on Plat No. 4384, and desires to terminate in all respects the restrictions and covenants of the Deed of Dedication in accordance with OKLA. STAT. tit. 11, § 42-106 and as provided in the Deed of Dedication, Section 3.1; and

WHEREAS the Owner has replatted the Property as a subdivision known as SEG Real Estate Corp Campus, a subdivision in the City of Tulsa, Tulsa County, Oklahoma, (Plat Number 6517) recorded in the land records of the Tulsa County Clerk on February 28, 2014.

NOW THEREFORE, the Owner does hereby vacate Plat No. 4384 and terminate provisions of the Deed of Dedication as follows:

1. **Partial Vacation Plat.** The Owner hereby vacates Plat No. 4384 in its entirety, with the exception of the right of way of South Yale Avenue dedicated by Plat No. 4384, which is not hereby vacated, and terminates and vacates all easements, restrictive drainageways, detention areas, building setback lines and limits of access as shown thereon. This instrument shall in no way affect the rights of the public in and to the right-of-way of South Yale Avenue.

2. **Termination of Deed of Dedication.** As authorized by Section 3.1 of the Deed of Dedication, the Owner hereby terminates all covenants, restrictions, easements, restrictive drainageways, detention areas, building setback lines and other matters contained therein, in whole:

8.3
On this __________ day of __________, 2014, the Tulsa Metropolitan Area Planning Commission expressly acknowledges, consents and approves of the Partial Vacation of Plat and Termination of Deed of Dedication of GEOPHYSICAL RESOURCE CENTER Plat No. 4384.

EXHIBIT A

A tract of land, containing 11.9676 Acres, that is part of the SW ¼ of the SW ¼ of Section-15, T-18-N, R-13-E, City of Tulsa, Tulsa County, Oklahoma, said tract of land being described as follows, to-wit:

“BEGINNING AT A POINT” THAT IS THE NORTHWEST CORNER OF THE SW ¼ OF THE SW ¼ OF SAID SECTION-15; THENCE DUE EAST ALONG THE NORTHERLY LINE OF THE SW ¼ OF THE SW ¼ FOR 880.77'; THENCE S 0°-03'45" E AND PARALLEL TO THE WESTERLY LINE OF SECTION-15 FOR 591.88'; THENCE DUE WEST AND PARALLEL TO THE NORTHERLY LINE OF THE SW ¼ OF THE SW ¼ FOR 880.77 FEET TO A POINT ON THE WESTERLY LINE OF SECTION-15; THENCE N 0°-03'45" W ALONG SAID WESTERLY LINE FOR 591.88' TO THE “POINT OF BEGINNING” OF SAID TRACT OF LAND.

ALSO KNOWN AS:

Lot One (1), Block One (1), GEOPHYSICAL RESOURCE CENTER, a subdivision of part of the SW/4 of the SW/4 of Section Fifteen (15), Township Eighteen (18) North, Range Thirteen (13) East of the Indian Base and Meridian, Tulsa County, State of Oklahoma, according to the recorded Plat No. 4384.
Lot 4, Block 1, Airport Industrial Center Amended

This application is made to allow a change of access to add one access along North 145th East Avenue. The property is zoned IL (industrial light).

Staff recommends approval of the change of access. The Traffic Engineer has reviewed and approved the request. Staff recommends APPROVAL of the change of access as submitted.
CHANGE OF AND CONSENT TO AREAS OF ACCESS AS SHOWN ON RECORDED PLAT

WHEREAS, JIT Holdings, LLC are the owners of LT 4 LESS W50 THEREOF BLK 1, AIRPORT INDUSTRIAL CENTER AMD

in the city and/or county of Tulsa, Oklahoma, according to the recorded plat thereof; and

WHEREAS, said owners desire to change the access points from _________________________ to the above described property and,

WHEREAS, such change requires approval of the Tulsa Metropolitan Area Planning Commission; and

WHEREAS, the Tulsa Metropolitan Area Planning Commission may approve such change of access with a favorable recommendation by the designated Engineer of the City of Tulsa or Tulsa County, Oklahoma.

NOW THEREFORE, the undersigned owners of the above named property in the City (and/or) County of Tulsa, Oklahoma according to the recorded plat thereof, does hereby change the access point(s) from its (their) present location as shown on the above named plat as recorded in the office of the County Clerk of Tulsa County, Oklahoma, as plat number 3856____ to the location(s) as shown on the attached Exhibit A, which is incorporated herein by reference and made a part hereof for all purposes.

The Tulsa Metropolitan Area Planning Commission by the affixing of its approval to this instrument does hereby stipulate and agree to such change and, that from and after the date of this consent, ingress and egress shall be permitted over, through and across the areas of access as shown on attached Exhibit A, which is incorporated herein by reference. The area of "access" as previously shown are hereby revoked and access to the property prohibited across said area. The area of limits of no access previously existing along the area of access now permitted by this change and consent is hereby expressly vacated, annulled and held for naught.

IN WITNESS WHEREOF, the parties have hereunto set their hands and affixed their seals this 16 day of October, 2014.

SECTION I: PUD-757-3 Minor Amendment

STAFF RECOMMENDATION

Amendment Request: Modify the PUD Development Standards to reduce the setback along the west boundary from 20 ft to 11 ft.

A 17.5 ft utility easement had previously been shown along the west boundary. A revised 11 ft utility easement was approved at TAC during preliminary plat approval. See applicant email included with this report. The applicant originally requested a 10 ft setback at the western boundary, but has agreed to adjust this request to 11 ft in order to prevent the building line from overlapping with the utility easement.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.9 PUD Section of the City of Tulsa Zoning Code.

"Changes in structure heights, building setbacks, yards, open spaces, building coverage and lot widths or frontages, provided the approved Development Plan, the approved PUD standards and the character of the development are not substantially altered."

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the approved development standards in the PUD.

2) All remaining development standards defined in PUD-757 and subsequent amendments shall remain in effect.

Exhibits included with staff recommendation:

INCOG zoning case map
INCOG aerial photo
Applicant Email
Applicant Preliminary Subdivision Plat

With considerations listed above, staff recommends approval of the minor amendment request to reduce the setback along the west boundary from 20 ft to 11 ft.
Hi Jay,

We have requested a reduction of the building line to 10 feet along the west side in minor amendment application PUD 757-3. We've adjusted all the other building lines on the plat to 11 feet to coincide with the easement and will do the same on the west side if the minor amendment is approved. I'm fine with adjusting the request to 11 feet rather than 10 if you think that's better.

The 11' U/E was approved by TAC and Planning Commission in the preliminary plat approval.

"Hoyt, Jay" <JHoyt@incog.org> on Monday, November 10, 2014 at 9:54 AM -0600 wrote:

Jim,

At this location, the current western building setback is 20 ft. There is also a 17.5 ft U/E along this line. Will this easement be reduced so that it is equal to or less than the requested 10 ft building line? The requested 10 ft would not be able to be used, since no building would be allowed to be constructed over the easement.

Thank you,

Jay Hoyt

Barbara,

We have not received adequate information from the applicant for this case. This case will need to be continued to the 12/3 TMAPC meeting to allow time to work with the applicant and for us to receive from them the required information.

Thank you,

Jay Hoyt

LOT-SPLIT

November 19, 2014

LS-20738
Berryhill Fire prevention District, (9220) (AG) (County)
Northeast corner of West 41st Street South and South 61st West Avenue

The Lot-Split proposal is to split an existing AG (Agriculture) tract into two tracts. Both of the resulting tracts will meet the Bulk and Area Requirements of the Tulsa County Zoning Code.

Technical Advisory Committee met on September 18, 2014. They would like to ensure that there will be access to the cell tower. The applicant has made an access agreement with U.S. Cellular.

The proposed lot-split would not have an adverse affect on the surrounding properties and staff recommends APPROVAL of the lot-split and the waiver of the Subdivision Regulations that no lot have more than three side lot lines.

PRELIMINARY SUBDIVISION PLAT

Sheridan Crossing Phase II - (County)
North side of East 86th Street North between North Sheridan Road and North Memorial Drive

This plat consists of 45 Lots, 5 Blocks, on 40 acres.

The following issues were discussed November 6, 2014, at the Technical Advisory Committee (TAC) meeting:

1. Zoning: The property is zoned RE (residential estate).

2. Streets: Provide street names and add “Dedicated by this Plat” to right-of-way dimensions. Provide reference for right-of-way along East 86th Street North such as plat number or book/page number. Include chart with curve details. Provide section on Limits of No Access in covenants. In the sidewalk section include language indicating who will be responsible for constructing sidewalks along arterial. In the conceptual plans driving lane is shown is 12 feet. Typically these are 13 feet.

3. Sewer: No comment.

4. Water: Water is served by Rural Water District # 3.

5. Storm Drainage: The County Engineer will require drainage studies and will approve drainage plans.

6. Utilities: Telephone, Electric, Gas, Cable, Pipeline, Others: PSO has overhead lines at least on the east side. Additional easements may be needed.

7. Other: Fire: City of Owasso will serve and a release letter is required.

8. Other: GIS: In the location map, show only the subdivision boundary, remove parcel lines for clarity. In the location map label all unplatted areas. Need to have the email address for the engineer and surveyor. In the basis of bearing, add language that identifies the bearing of the south boundary line as the reference bearing. County Engineer: Make sure detention pond from phase I in Reserve B and near southeast corner of phase II needs to accommodate the new flow of drainage. Show this new drainage report to County Engineer for approval. Break up blocks better with reserve areas. Add a block or two. In Reserve F there is a PSO easement with a PSO tower in the easement so show this with sufficient clearance. In covenants 1.6 show Reserve A and B with last phase and establish vegetation erosion slopes in a letter for that permit. Access is acceptable as proposed.

Staff recommends APPROVAL of the preliminary subdivision plat with the TAC recommendations and the special and standard conditions listed below.
13. It is recommended that the applicant and/or his engineer or developer coordinate with the Tulsa City/County Health Department for solid waste disposal, particularly during the construction phase and/or clearing of the project. Burning of solid waste is prohibited.

14. The method of sewage disposal and plans therefor shall be approved by the City/County Health Department. [Percolation tests (if applicable) are required prior to preliminary approval of plat.]

15. The owner(s) shall provide the following information on sewage disposal system if it is to be privately operated on each lot: type, size and general location. (This information to be included in restrictive covenants on plat.)

16. The method of water supply and plans therefor shall be approved by the City/County Health Department.

17. All lots, streets, building lines, easements, etc., shall be completely dimensioned.

18. The key or location map shall be complete.

19. A Corporation Commission letter, Certificate of Non-Development, or other records as may be on file, shall be provided concerning any oil and/or gas wells before plat is released. (A building line shall be shown on plat on any wells not officially plugged. If plugged, provide plugging records.)

20. A "Letter of Assurance" regarding installation of improvements shall be provided prior to release of final plat. (Including documents required under 3.6.5 Subdivision Regulations.)

21. Applicant is advised of his responsibility to contact the U.S. Army Corps of Engineers regarding Section 404 of the Clean Waters Act.

22. All other Subdivision Regulations shall be met prior to release of final plat.

23. All PUD standards and conditions shall be included in the covenants of the plat and adequate mechanisms established to assure initial and continued compliance with the standards and conditions.

24. Private streets shall be built to City or County standards (depending upon the jurisdiction in which the plat is located) and inspected and accepted by same prior to issuance of any building permits in the subdivision.

PRELIMINARY SUBDIVISION PLAT

Sunset Hills II- (CD 6)
East of the southwest corner of East 41st Street and South 161st East Avenue

This plat consists of 136 Lots, 6 Blocks, on 40 acres.

The following issues were discussed November 6, 2014, at the Technical Advisory Committee (TAC) meeting:

1. Zoning: The property is zoned Planned Unit Development 813.

2. Streets: On the plat show both existing and dedicated right of way along East 41st Street South. Show limits of no access along 41st Street. Provide street names on face of plat and show right of way width. Do not show access ramps on face of plat. Reword the sidewalk section of the covenants to make it clear that owner of each lot is responsible for building sidewalks along their property while the developer is responsible for sidewalks along arterial streets and access ramps at intersections.

3. Sewer: In the conceptual utility plans, all sanitary sewer flow must be handled through the Trinity Creek system, and will not be allowed to access the City of Tulsa Stone Creek Farms lift station. The platted area will be assessed a $700.00 per acre Broken Arrow Excess capacity fee, a City of Tulsa administrative fee of 2.9% of the total of the Broken Arrow fee and a $640.00 per acre Trinity Creek Excess capacity payback contract fee.

4. Water: On the plat the utility easements of 10 feet along roadways should be increased to a 17.5 foot utility easement. On the conceptual layout add blow off hydrants on the stub waterlines. Note the site has only one feed off of 41st Street South and if an additional feed is not provided in the near future it is suggested that a connection be made to the northwest of East 41st Street to an existing 12 inch stub waterline.

5. Storm Drainage: Permanent access will be needed to the detention outlet structure in Reserve A.

6. Utilities: Telephone, Electric, Gas, Cable, Pipeline, Others: Additional easements may be required.

7. Other: Fire: No comment.

8. Other: GIS: Need email addresses for both the engineer and surveyor. In the location map, label all unplatted areas. In location map only show subdivision boundaries. Add smaller north arrow to the location map. Label the point of beginning. Label the dimension for proposed streets. Need data control sheet. Label limits of no access and access points. Give area of each lot in square feet. Combine easements between lots 18 and 19, Block 4. On location map remove 1 after Sunset Hills. Remove Section I.L from covenants. Along the north boundary with the fl.e, this cannot be congruent with the utility easement. They need to be exclusive. Since Reserve A does not allow for use by utilities increase to a 17.5 foot easement. Clear up
mislabeled lot easements. Show existing easements. Omit Section 1.3 for private service easement as it does not exist on face of plat.

Staff recommends APPROVAL of the preliminary subdivision plat with the TAC recommendations and the special and standard conditions listed below.

Waivers of Subdivision Regulations:
1. None requested.

Special Conditions:
1. The concerns of the Development Services and Engineering Services staffs must be taken care of to their satisfaction.

Standard Conditions:
1. Utility easements shall meet the approval of the utilities. Coordinate with Subsurface Committee if underground plant is planned. Show additional easements as required. Existing easements shall be tied to or related to property line and/or lot lines.
2. Water and sanitary sewer plans shall be approved by the Public Works Department prior to release of final plat. (Include language for W/S facilities in covenants.)
3. Pavement or landscape repair within restricted water line, sewer line, or utility easements as a result of water or sewer line or other utility repairs due to breaks and failures shall be borne by the owner(s) of the lot(s).
4. Any request for creation of a Sewer Improvement District shall be submitted to the Public Works Department Engineer prior to release of final plat.
5. Paving and/or drainage plans (as required) shall be approved by the Public Works Department.
6. Any request for a Privately Financed Public Improvement (PFPI) shall be submitted to the Public Works Department.
7. A topography map shall be submitted for review by TAC (Subdivision Regulations). (Submit with drainage plans as directed.)
8. Street names shall be approved by the Public Works Department and shown on plat.
9. All curve data, including corner radii, shall be shown on final plat as applicable.
10. Bearings, or true N/S, etc., shall be shown on perimeter of land being platted or other bearings as directed by the County Engineer.
11. All adjacent streets, intersections and/or widths thereof shall be shown on plat.

12. It is recommended that the developer coordinate with the Public Works Department during the early stages of street construction concerning the ordering, purchase and installation of street marker signs. (Advisory, not a condition for plat release.)

13. It is recommended that the applicant and/or his engineer or developer coordinate with the Tulsa City/County Health Department for solid waste disposal, particularly during the construction phase and/or clearing of the project. Burning of solid waste is prohibited.

14. The method of sewage disposal and plans therefor shall be approved by the City/County Health Department. [Percolation tests (if applicable) are required prior to preliminary approval of plat.]

15. The owner(s) shall provide the following information on sewage disposal system if it is to be privately operated on each lot: type, size and general location. (This information to be included in restrictive covenants on plat.)

16. The method of water supply and plans therefor shall be approved by the City/County Health Department.

17. All lots, streets, building lines, easements, etc., shall be completely dimensioned.

18. The key or location map shall be complete.

19. A Corporation Commission letter, Certificate of Non-Development, or other records as may be on file, shall be provided concerning any oil and/or gas wells before plat is released. (A building line shall be shown on plat on any wells not officially plugged. If plugged, provide plugging records.)

20. A "Letter of Assurance" regarding installation of improvements shall be provided prior to release of final plat. (Including documents required under 3.6.5 Subdivision Regulations.)

21. Applicant is advised of his responsibility to contact the U.S. Army Corps of Engineers regarding Section 404 of the Clean Waters Act.

22. All other Subdivision Regulations shall be met prior to release of final plat.

23. All PUD standards and conditions shall be included in the covenants of the plat and adequate mechanisms established to assure initial and continued compliance with the standards and conditions.

24. Private streets shall be built to City or County standards (depending upon the jurisdiction in which the plat is located) and inspected and accepted by same prior to issuance of any building permits in the subdivision.

SECTION I: CZ-436

DEVELOPMENT CONCEPT:

EXHIBITS:
  INCOCG Case map
  INCOCG Aerial
Applicant Exhibits:
  None (Reference PUD 821)

DETAILED STAFF RECOMMENDATION:

CG zoning without a Planned Unit Development is not consistent with the low intensity residential vision of the comprehensive plan at this location and;

CZ-436 requesting CG zoning with a PUD submitted simultaneously with this application is not harmonious with the existing surrounding development and;

CZ-436 requesting CG zoning with the PUD submitted simultaneously with this application is not harmonious with the anticipated future development adjacent to this site therefore;

Staff recommends Denial of CZ-436 to rezone property from AG to CG.

SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: CG zoning is not an appropriate zoning category at this location without a PUD overlay. Mini storage uses may be allowed in several residential and commercial zoning categories but all require a PUD or Special Exception through the Board of Adjustment. This project is included in the North Tulsa County Comprehensive Plan 1980-2000. No other comprehensive plan or small area plan is relevant to this property. The land use map shows this area as a low intensity residential use including all types of residential properties such as single family, multi family, townhomes and mobile home park districts. The mini storage use might be appropriate with considerations given to future residential development surrounding the site and only with Commercial (CS, CG or CH) or Multi Family Residential (RM-1 or RM-2) underlying zoning districts. The PUD has not provided assurances that this project can be successfully integrated into the surrounding neighborhood and it does not provide appropriate protection to the existing residential properties west of the expressway especially as it relates to signage considerations.
Transportation Vision:

Major Street and Highway Plan:

North Yale Avenue (Whirlpool Drive) is classified as a secondary arterial street. Ultimately the Major Street and Highway Plan recognizes that this street will become a 4 lane arterial street with sidewalks and possible turn lanes at appropriate locations.

Highway 75 is a 4 lane divided highway. Access to that highway will not be a consideration for this project. Access is also not currently allowed by the Oklahoma Department of Transportation. There is no reason to believe that there will ever be an opportunity to connect to Highway 75 from this site.
The North Tulsa County comprehensive plan considered this area as part of a Corridor development area which encourages an internal street collection system. This project would block future considerations for that style of development. The Major Street and Highway Plan does not illustrate a collector street between Highway 75 and North Yale (Whirlpool Drive) at this location.

**Trail System Master Plan Considerations:** None

**Small Area Plan:** None

**Special District Considerations:** None

**Historic Preservation Overlay:** None

**DESCRIPTION OF EXISTING CONDITIONS:**

**Staff Summary:** The existing site is a grass site with one existing mobile home. The terrain slopes gently from the high point on the east boundary toward Highway 75. There are no existing conditions that challenge redevelopment of the site.

**Environmental Considerations:** None that would present development limitations.

**Streets:**

**Utilities:**

The applicant has noted that the subject tract has municipal water is available from Washington Rural Water District #3. Sanitary sewer service is only available from an Aerobic System proposed for the office.

**Surrounding Properties:** The subject tract is abutted on the east by agricultural land, zoned AG; on the north by single family residential / business, zoned AG; on the south by single family residential and agricultural land, zoned AG; and on the west by Highway 75 but further west is a single family subdivision in the City of Skiatook, zoned RE.

**SECTION III: Relevant Zoning History**

**ZONING ORDINANCE:** Ordinance number 98254 dated September 15, 1980, established zoning for the subject property.

**Surrounding Property:**

**PUD-683-A August 2014:** The applicant withdrew an application for a proposed Major Amendment to abandon PUD-683 on a 1+ acre tract of land for on property located southwest corner East 136th Street North and North Yale Avenue and north of subject property.

15.4

REVISED 11/13/2014
CZ-322/ PUD-683 August 2003: Staff recommended denial of a request for rezoning a 1+ acre tract of land from AG to IL and a proposed Planned Unit Development, for propane distribution facility on property located southwest corner E. 136th St. N. and N. Yale Ave. and north of subject property. TMAPC and County Commissioners concurred in approval of the applications.

CBOA-2050 July 15, 2003: The Board of Adjustment approved a Special Exception to allow commercial recreation: Intensive (rodeo facility) in an AG district; and a Variance of all-weather surface for parking, with a condition for a three year time limit and six events per year, on property located at 13232 N. Yale Ave. and north of subject property.

CBOA-1260 April 19, 1994: The Board of Adjustment approved a Special Exception to permit commercial recreation (basketball/softball/soccer fields and concessions) in an AG district, on property located at 13132 N. Yale Ave. and north of subject property.

Z-5185 November 1978: All concurred in approval of a request for rezoning a tract of land from AG to IL on property located on the northeast corner of E. 126th St. N. and Highway 75.

CZM: 6  Atlas: 0

County Commission District: 1
Commissioner Name: John Smaligo

REVISED 11/13/2014
SECTION I: PUD-821

APPLICANTS DEVELOPMENT CONCEPT:

The subject property comprises 9.67 acres gross (hereinafter the "Property" or the "Site") located at 13224 North Yale Ave in Tulsa County. The Property is located between North Yale Ave and U.S. Highway 75 North, and approximately a half mile north of East 126th Street North. Within the Site there is an existing mobile home dwelling which will be removed. A rental office for mini-storage use will be constructed on the Site.

The development concept is to create a mini-storage facility using steel storage shipping containers.

The present zoning of the Property is AG District and the property is un-platted. The proposed use is Use Unit 16, Mini-Storage Facility and the proposed zoning is "CG", General Commercial District. North Yale is listed as a Secondary Arterial on the Major Street and Highway Plan. The properties to the North, South and East are presently zoning "AG". There is presently "RE" zoning to the west of U.S. Highway 75 and "RE" zoning one quarter of a mile east of this Site. "IL" zoning exists at East 126th Street North and U.S. Highway 75.

EXHIBITS:
- INCOG Case map

- Applicant Exhibits:
  - Exhibit 1: Conceptual Site Plan
  - Exhibit 2: Development Area Map
  - Exhibit 3: Conceptual Utilities Plan
  - Exhibit 4: Existing Topographic Map
  - Exhibit 5: East Edge Detail Plan
  - Exhibit 6: Aerial Photo
  - Exhibit 7: Legal Descriptions

PUD-821 DEVELOPMENT STANDARDS:

DEVELOPMENT AREA A:

Gross land area: 8.013 acres  
349,048 sf

Permitted uses: (Use Unit 16) Mini-Storage and accessory uses

The following businesses will not be allowed on the site: Sexually orientated businesses, Hotels, motels, gasoline service stations, and alcoholic beverage sales.

Maximum Building Height: 12 ft.
Minimum Setbacks:
- From centerline of Yale Ave: 85 ft.
- From North boundary of PUD: 6 ft.
- From West boundary of PUD: 10 ft.
- From South boundary of PUD: 6 ft.

Building Design: Steel shipping containers

Maximum Floor Area Ratio (F.A.R.): 0.33

Other Bulk and Area Requirements: As provided within a CG District

Landscape Area: 10% of the gross land area

Note: No mini-storage facility shall be used as an office.

Hours of operation: The hours of operation for the mini-storage facility will from 6:00 am until 10:00 pm.

LIGHTING:

Lighting used to illuminate the Site shall be so arranged as to shield and direct the light away from adjacent properties. Building-mounted lights will not exceed 12 feet in height and shall also be arranged and mounted to direct the light away from adjacent properties.

SIGNAGE:

A pole sign may be constructed along the west property line and the east property. The pole signs will meet the sign requirements of Tulsa County and a separate application through Tulsa County will be required for the sign permit.

FENCING AND SCREENING:

An eight foot chain-link fence with privacy slats will be installed around the perimeter of the Site for security purposes. A security gate with access code capabilities will be installed for access to the facility.

An 8 foot masonry fence will be installed along the east boundary of the project. The exact location will be determined during site plan review.

TRASH MECHANICAL AND EQUIPMENT AREAS:

There shall be no outdoor storage of recyclable materials, trash or similar material. All trash, ground supported mechanical and equipment areas, shall be screened from adjacent properties.
VEHICULAR ACCESS AND CIRCULATION:

Vehicular access shall be derived from North Yale Avenue and interior vehicular access shall be derived from private drives extending from North Yale Avenue through the storage facilities. The drives shall be a minimum of 30'-0" between the mini-storage structures. The paving materials of the drives shall be of a quality and thickness meeting the Tulsa County standards for private mini-storage access.

PEDESTRIAN ACCESS:

Sidewalks will be constructed and maintained along North Yale Avenue as required by the Tulsa County design standards.

DEVELOPMENT AREA B:

Gross land area
1.657 acres
72,178 sf

Permitted uses:
Use Unit 1 (Area-wide uses by right but limited to a Storm water drainage and detention facility including, landscaping and other assessor's uses.

PLATTING REQUIREMENT:

No building permit shall issue until the area comprising the planned unit development has been included within a subdivision plat submitted to and approved by the Tulsa Metropolitan Area Planning Commission and the Tulsa County Commissioners and duly filed of record. The required subdivision plat shall include covenants of record implementing the development standards of the approved planned unit development.

EXPECTED SCHEDULE OF DEVELOPMENT:

Development of the project is expected to commence within 6 months and to be completed as market conditions permit.

DETAILED STAFF RECOMMENDATION:

The applicant has not provided adequate detail in the PUD to insure that future residential development could be successfully integrated into the area between Highway 75 and North Yale Avenue (Whirlpool Drive) and;

The request is not consistent with the low intensity residential vision of the comprehensive plan at this location and;

PUD 821 with the requested Mini Storage Use is not harmonious with the surrounding development therefore;

Staff recommends **Denial** of PUD-821 as outlined in Section I above.
SECTION II: Supporting Documentation

RELATIONSHIP TO THE COMPREHENSIVE PLAN:

Staff Summary: PUD 821 is part of the North Tulsa County Comprehensive Plan 1980-2000. No other comprehensive plan is relevant to this property. The land use map shows this area as a residential use including all types of residential properties such as single family, multi family, townhomes and mobile home park districts. The mini storage use might be appropriate with considerations given to future residential development surrounding the site and only with Commercial (CS, CG or CH) or Multi Family Residential (RM-1 or RM-2) underlying zoning districts. The PUD has not provided assurances that this project can be successfully integrated into the surrounding neighborhood and it does not provide appropriate protection to the existing residential properties west of the expressway especially as it relates to signage considerations.

NORTH TULSA COUNTY COMPREHENSIVE PLAN: (Land use map)
