SECTION I:  PUD-531-A-1/Z-6034-SP-3a Minor Amendment

STAFF RECOMMENDATION

Amendment Request: To divide Development Area B into Development Areas, B-1 and B-2 as well as modify the Development Standards to allocate floor area for B-1 and B-2 and modify the building height restrictions for B-2.

See Applicant's Minor Amendment Exhibit for specific proposed changes.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.1 PUD Section of the City of Tulsa Zoning Code.

"Adjustment of internal development area boundaries, provided the allocation of land to particular uses and the relationship of uses within the project are not substantially altered."

As well as Section 1107.H.9

"Changes in structure heights, building setbacks, yards, open spaces, building coverage and lot widths or frontages, provided the approved Development Plan, the approved PUD standards and the character of the development are not substantially altered."

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the approved development standards in the PUD.

2) All remaining development standards defined in PUD-531-A/Z-6034-SP-3 shall remain in effect.

Exhibits included with staff recommendation:

SECTION I: PUD-539-2 Minor amendment

STAFF RECOMMENDATION

Amendment Request: Modify allowed uses to include Use Unit 4 to allow construction of a Cell Tower.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.15 PUD Section of the City of Tulsa Zoning Code.

"Changes in an approved use to another use may be permitted, provided the underlying zoning on the particular site within the PUD would otherwise permit such use by right and the proposed use will not result in any increase of incompatibility with the present and future use of the proximate properties"

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the development standards in the PUD.

2) All remaining development standards defined in PUD-539 and PUD-539-1 shall remain in effect.

SECTION I: PUD-539 Detailed Site Plan

STAFF RECOMMENDATION

CONCEPT STATEMENT:
The applicant is requesting detail site plan approval on a 10.7 Acre site in a Planned Unit Development for a cell tower.

PERMITTED USES:
Currently only Mini-storage/boat storage and repair are permitted, however the applicant has also applied for a minor amendment (PUD-539-2) to allow cell towers – Use Unit 4. If the minor amendment is approved, then the cell tower proposed for this project would be allowed by right.

DIMENSIONAL REQUIREMENTS:
The submitted site plan meets all applicable building height, floor area, density, open space, and setback limitations. No modifications of the previously approved Planned Unit Development are required for approval of this site plan.

ARCHITECTURAL GUIDELINES:
The new cell tower meets all applicable guidelines in the Planned Unit Development.

OFF-STREET PARKING AND VEHICULAR CIRCULATION:
Cell towers are not required to provide off street parking.

LIGHTING:
Tower lighting will be required to comply with Section 1204.3.d of the City of Tulsa Zoning Code.

SIGNAGE:
Per Section 1204.3.e of the Zoning Code, the use of any portion of a tower for signs other than warning or equipment information signs is prohibited.

SITE SCREENING AND LANDSCAPING:
The open space, landscape area and screening are consistent with the Planned Unit Development requirements and meet the minimum standards of the Landscape portion of the Tulsa Zoning Code. This staff report does not remove the requirement for a separate landscape plan review process.

PEDESTRIAN ACCESS AND CIRCULATION:
Due to the nature of this tower, no pedestrian access is required or shown.

MISCELLANEOUS SITE CONSIDERATIONS:
There are no concerns regarding the development of this area.

SUMMARY:
Staff has reviewed the applicant's submittal of the site plan as it relates to the approved PUD-539. The site plan submittal meets or exceeds the minimum requirements of the Planned Unit Development. Staff finds that the uses and intensities proposed with this site plan are consistent with the approved Planned Unit Development, and the stated purposes of the Planned Unit Development section of the Zoning Code.
Exhibits included with staff recommendation:

SECTION I: PUD-405-24 Minor Amendment

STAFF RECOMMENDATION

Amendment Request: Modify the PUD to add Use Unit 17 – Automotive and Allied Activities to allowable uses.

The current permitted uses for Development Area 1-D are those uses permitted as a matter of right in Use Unit 11 and accessory uses including barber and beauty shops, eating establishments, other than drive-ins, and private clubs, provided such accessory uses shall not exceed more than 5% of the gross floor area of the building in which located.

The applicant has stated that they intend to use the existing rear parking area of the site to park cars that will be repaired on an adjacent lot. The lot will be screened behind a six foot high solid screening fence.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.15 PUD Section of the City of Tulsa Zoning Code.

“Changes in an approved use to another use may be permitted, provided the underlying zoning on the particular site within the PUD would otherwise permit such use by right and the proposed use will not result in any increase of incompatibility with the present and future use of the proximate properties.”

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the approved development standards in the PUD.

2) All remaining development standards defined in PUD-405 and subsequent minor amendments shall remain in effect.

Exhibits included with staff recommendation:

SECTION I: PUD-803-1 Minor Amendment

STAFF RECOMMENDATION

Amendment Request: Modify the PUD to increase the number of lots and decrease the minimum lot width and lot size.

Please refer to the Minor Amendment Text Submitted by the applicant for the specific changes requested.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.9 PUD Section of the City of Tulsa Zoning Code.

"Changes in structure heights, building setbacks, yards, open spaces, building coverage and lot widths or frontages, provided the approved Development Plan, the approved PUD standards and the character of the development are not substantially altered."

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the approved development standards in the PUD.

2) All remaining development standards defined in PUD-803 shall remain in effect.

Minor Amendment
PUD 803 – 1

Phase I of the overall development is in under construction and the plat of “The Estates At The River” will be filed in the early spring of 2015. The approximate lot size for the first phase is 70’ x 130’. The developers would now like to have the opportunity to introduce a slightly smaller lot size for a portion of Phase II. The proposed 60’ x 120’ lots are consistent with the underlying RS-3 zoning but require a minor amendment to the PUD 803 Development Standards.

Request a minor amendment of the following Development Standards:

Maximum Number of Lots: 350 (previously 320)
Minimum Lot Width: 60 feet* (previously 65 feet)
Minimum Lot Size: 7,200 square feet (previously 7,500 square feet)

*Measured at the building setback line for lots on a curve.

SECTION I: PUD-575-B Detailed Site Plan

STAFF RECOMMENDATION

CONCEPT STATEMENT:
The applicant is requesting detail site plan approval on a 1 Acre site in a Planned Unit Development for a new Dental Office including one, one story building.

PERMITTED USES:
Multifamily dwellings including assisted living facility and uses customarily accessory thereto Community Service and Similar Uses including childcare/school; Offices, Studios and Support Services. The Dental Office proposed for this project is allowed by right.

DIMENSIONAL REQUIREMENTS:
The submitted site plan meets all applicable building height, floor area, density, open space, and setback limitations. No modifications of the previously approved Planned Unit Development are required for approval of this site plan.

ARCHITECTURAL GUIDELINES:
The new building meets all applicable architectural guidelines in the Planned Unit Development.

OFF-STREET PARKING AND VEHICULAR CIRCULATION:
The site plan meets the minimum parking defined in the Tulsa Zoning Code and the Planned Unit Development.

LIGHTING:
Site lighting plans not provided. All parking lot lighting shall be hooded and directed downward and away from adjacent residential areas. No light standard nor building-mounted light shall exceed 25 feet in height if within 150 feet of any existing or planned residential area and all such lights shall be set back at least 25 feet from such residential areas abutting the PUD.

SIGNAGE:
The site plan illustrates wall signage. Any new signage will require a separate permit. All signage will be required to meet the Planned Unit Development Standards. Any ground or monument signs placed in an easement will require a license agreement with the City prior to receiving a sign permit. This staff report does not remove the requirement for a separate sign plan review process.

SITE SCREENING AND LANDSCAPING:
The open space, landscape area and screening are consistent with the Planned Unit Development requirements and meet the minimum standards of the Landscape portion of the Tulsa Zoning Code. This staff report does not remove the requirement for a separate landscape plan review process.

PEDESTRIAN ACCESS AND CIRCULATION:
The plan displays pedestrian access to the existing sidewalk along East 79th Street South. Pedestrian paths adjacent to the proposed building is also shown.

MISCELLANEOUS SITE CONSIDERATIONS:
There are no concerns regarding the development of this area.
SUMMARY:
Staff has reviewed the applicant’s submittal of the site plan as it relates to the approved PUD-575-B. The site plan submittal meets or exceeds the minimum requirements of the Planned Unit Development. Staff finds that the uses and intensities proposed with this site plan are consistent with the approved Planned Unit Development, and the stated purposes of the Planned Unit Development section of the Zoning Code.

SECTION I: PUD-819-1 Minor Amendment

STAFF RECOMMENDATION

Amendment Request: Modify the PUD to revise landscape requirements for all Development Areas; Reduce on site signage in Development Area A; Increase square footage of display surface area of an off-site sign.

Please refer to the Minor Amendment Text Submitted by the applicant for the specific changes requested to landscape requirements and signage.

Staff Comment: This request can be considered a Minor Amendment as outlined by Section 1107.H.12 PUD Section of the City of Tulsa Zoning Code.

"Modifications to approved signage, provided the size, location, number and character (type) of the sign(s) is not substantially altered."

As well as Section 1107.H.13

"Modification to approved screening and landscaping plans, provided modification is not a substantial deviation from the original approved plan."

Staff has reviewed the request and determined:

1) The requested amendment does not represent a significant departure from the approved development standards in the PUD.

2) All remaining development standards defined in PUD-819 shall remain in effect.

To Whom It May Concern:

PUD No. 819 is a planned unit development covering the northeast corner of 11th & Garnett and established certain landscaping and signage restrictions on the property. It was approved by the Tulsa Metropolitan Area Planning Commission on October 1, 2014 and by the Council of the City of Tulsa, Oklahoma, on October 30, 2014. An Alternative Compliance Landscape Plan (AC-134) was subsequently submitted and approved by the Tulsa Metropolitan area Planning Commission on January 21, 2015 which provided certain modifications to the landscape requirements as set out in the original PUD. The owners of the subdivision propose the following minor amendment to the PUD which will bring the landscape plan into conformance with the zoning requirements. The below modifications are as approved in AC-134.

Development Area A
Required Garnett Road Street Yard Landscaping: 30% (15% in Original PUD)

Development Area C
Required Garnett Road Street Yard Landscaping: 15% (30% in Original PUD)

Development Area B
Required Total Landscaped Area: 11% (15% in Original PUD)

PUD No. 819 further allowed one double sided pole sign not exceeding 50’ in height or 540 square feet of display surface area per side within the eastern 30 feet of Development Area C. It also allowed one double sided pole sign not exceeding 45’ in height or 300 square feet of display surface area within Development Area A. The owner of development area A has negotiated with the owners of the other development areas and agreed to a more uniform sign treatment then was originally contemplated in the PUD. As such they request the following minor amendment to the signage section of the approved PUD.

ONE DOUBLE SIDED POLE SIGN NOT EXCEEDING 45’ IN HEIGHT SHALL BE PERMITTED ALONG GARNETT ROAD WITHIN DEVELOPMENT AREA A, PROVIDED IT DOES NOT EXCEED 150 SQUARE FEET OF DISPLAY SURFACE AREA PER SIDE. THIS SIGN SHALL BE FOR THE EXCLUSIVE USE OF DEVELOPMENT AREA A.

ONE DOUBLE SIDED POLE SIGN NOT EXCEEDING 50’ IN HEIGHT OR 610 SQUARE FEET OF DISPLAY SURFACE AREA PER SIDE, SHALL BE PERMITTED WITHIN THE EASTERN 30 FEET OF DEVELOPMENT AREA C. THIS SIGN SHALL BE FOR THE EXCLUSIVE USE OF DEVELOPMENT AREAS A & B.

The above signage modification represents a net reduction of 80 square feet of available signage with the PUD.

AC-135 ALTERNATIVE COMPLIANCE LANDSCAPE PLAN

SECTION I:

The applicant is requesting TMAPC approval for an Alternative Compliance Landscape Plan for a new manufacturing plant (Fin Tube) located south of the Gilcrease Parkway between Osage Drive and Tisdale Expressway.

The landscape plan submitted does not meet the technical requirements of Chapter 10 of the code for the following reasons:

1) The parking area east of the production building does not meet the minimum standards defined in section 1001.B.2 requiring an irrigated landscaped area within 75 feet of any parking space.
2) The required 5' green space between the property line and the west edge of the parking north of the main entrance was approved through the building permit office and constructed in violation of the requirement in 1002.A.2.

In exchange for site development that would meet the provisions of the Landscape Chapter of the Tulsa Zoning Code noted above, the applicant has voluntarily agreed to provide the required street trees on the Osage Drive frontage and include the full landscape plan around the administration building as a part of the alternative compliance landscape plan consideration. The significant landscaping that is shown on page LS2 is part of the corporate image that has been developed for this new facility.

Staff contends the applicant has met the requirement that the submitted Alternative Compliance Landscape Plan “be equivalent or better than” the technical requirements of Chapter 10 of the code and recommends APPROVAL of Alternative Compliance Landscape Plan AC-135.

SECTION II: Applicants text and landscape plan (pages LS-1 and LS-2) are included as attachments.
Tulsa Fin Tube Project
Feb. 19, 2015

2991 & 2995 N. Osage, Tulsa, Oklahoma

Alternative Compliance – Landscape Requirements

The owners of Tulsa Fin Tube Inc. are asking for relief from a strict interpretation of the landscape code as defined in the Tulsa Zoning Code section 1002 as it pertains to the above project. The following is offered as a justification for approval of the submitted Alternative Compliance Landscape Plan.

Tulsa Fin Tube Inc. has been an important family owned industrial innovator, manufacturer and employer in Tulsa since 1983. The owners, seeking to build a new manufacturing plant, selected a large parcel of property in north Tulsa. The site is between North Osage Drive to the west, Tisdale Parkway to the east, Apache St. on the south and the Gilcrease Extension on the north. The property consists of 44.2 acres; the southern 20 acres has been developed for this project. When purchased, the northern half of the parcel was and will remain heavily wooded. The southern portion has previously served as an informal rodeo arena with adjacent parking and circulation space. At the time of purchase this area consisted of sparse scrub trees and bare ground.

The design of this new facility and separate administration building started in January of 2012. The owner’s intent was not only to increase manufacturing capacity but to also have a more energy efficient and technologically current manufacturing plant. Part of this effort was a re-design of a decades old welding process to continuously capture, filter and re-cycle welding cooling water. The object was to cease disposing of 100% of the thousands of gallons of cooling water into the sanitary sewer system and move to a system of 100% capture and re-cycle of the water, i.e. 0% waste.

The submitted revisions to the approved and permitted plans are also consistent with the corporate philosophy of efficient use of energy and resources. The requested changes seek to relocate trees from a non-irrigated portion of the property adjacent to the employee parking lot on the east side of the plant building. Most of the tree coverage in this area was incorrectly calculated as a street yard for the Tisdale Parkway in the original landscape planting plan. This seeded lawn area is not readily visible to the public and inaccessible to the employees. The owners ask that these trees be relocated to an irrigated lawn area between the two buildings that is more visible and accessible. The net result of this tree relocation is a reduction of 35 trees balanced with an increase in the planting beds around the administration building and a much higher probability of survival of the trees.

SECTION I: Z-7008-SP-1 Detailed Site Plan

STAFF RECOMMENDATION

CONCEPT STATEMENT:
The applicant is requesting detail site plan approval on a 0.46 Acre site in a Corridor District for a new restaurant, including one, one story building.

PERMITTED USES:
Uses permitted as a matter of right; Use Unit 10, Off-Street Parking; Use Unit 11, Offices and Studios, including drive-thru banking facilities; Use Unit 12, Entertainment and Eating Establishments other than Drive-Ins; Use Unit 13, Convenience Goods and Services; Use Unit 14, Shopping Goods and Services; Use Unit 19, Hotel/Motel and Recreational Facilities – hotel and motel only; stormwater drainage and detention facilities; and uses customarily accessory to permitted uses. The restaurant proposed for this project is allowed by right.

DIMENSIONAL REQUIREMENTS:
The submitted site plan meets all applicable building height, floor area, density, open space, and setback limitations. No modifications of the previously approved Corridor Development Plan are required for approval of this site plan.

ARCHITECTURAL GUIDELINES:
The new building meets all applicable architectural guidelines in the Corridor Development Plan.

OFF-STREET PARKING AND VEHICULAR CIRCULATION:
The site plan meets the minimum parking defined in the Tulsa Zoning Code and the Corridor Development Plan.

LIGHTING:
Site lighting plans are provided. Light standards within all Development Areas, whether pole or building mounted, shall not exceed 35 feet in height. The light fixtures shall be arranged so as to shield and direct the light away from surrounding residential areas and shielding of such light shall be designed so as to prevent the light producing element or reflector of the light fixture from being visible to persons within surrounding residential areas. Compliance must qualified per application of the Kennebunkport Formula. Calculations must include consideration of topography.

SIGNAGE:
The site plan illustrates wall sign locations. Any new signage will require a separate permit. All signage will be required to meet the Corridor Development Plan Standards. Any ground or monument signs placed in an easement will require a license agreement with the City prior to receiving a sign permit. This staff report does not remove the requirement for a separate sign plan review process.

SITE SCREENING AND LANDSCAPING:
The open space, landscape area and screening are consistent with the Corridor Development Plan requirements and meet the minimum standards of the Landscape portion of the Tulsa Zoning Code. This staff report does not remove the requirement for a separate landscape plan review process.

PEDESTRIAN ACCESS AND CIRCULATION:
The plan displays sidewalks along South Olympia Avenue as well as internal pedestrian paths adjacent to the proposed building.
MISCELLANEOUS SITE CONSIDERATIONS:
There are no concerns regarding the development of this area.

SUMMARY:
Staff has reviewed the applicant's submittal of the site plan as it relates to the approved Z-7008-SP-1. The site plan submittal meets or exceeds the minimum requirements of the Corridor Development Plan. Staff finds that the uses and intensities proposed with this site plan are consistent with the approved Corridor Development Plan, and the stated purposes of the Corridor Development Plan section of the Zoning Code.
