**PLATTING REQUIREMENT**

For the purposes of providing a proper arrangement of streets and assuring the adequacy of open spaces for traffic, utilities, and access of emergency vehicles, commensurate with the intensification of land use customarily incident to a change of zoning, a platting requirement is established as follows:

For any land which has been rezoned to a zoning classification other than AG upon application of a private party or for any land which has been granted a special exception by the Board of Adjustment as enumerated within Use Units 2, 4, 5, 8, and 20, no building permit or zoning clearance permit shall be issued until that portion of the tract on which the permit is sought has been included within a subdivision plat or replat, as the case may be, submitted to and approved by the Planning Commission, and filed of record in the office of the County Clerk where the property is situated. Provided that the Planning Commission, pursuant to their exclusive jurisdiction of subdivision plats, may remove the platting requirement upon a determination that the above stated purposes have been achieved by previous platting or could not be achieved by a plat or replat.

I hereby certify that I have read and understand the above requirements and that I will plat, replat or have the platting requirements waived for the subject property in case number \_\_\_\_\_.
